RE: CON Application Submittal  
Summit Medical Center--Addition of Eight Beds in Existing 7<sup>th</sup>-Floor Space  
Hermitage, Davidson County

Dear Mrs. Hill:

This letter transmits an original and two copies of the subject application. The affidavit and filing fee are enclosed.

I am the contact person for this project. Jerry Taylor is legal counsel. Please advise me of any additional information you may need. We look forward to working with the Agency on this project.

Respectfully,

John Wellborn  
Consultant

## **SECTION B: PROJECT DESCRIPTION**

**B.I. PROVIDE A BRIEF EXECUTIVE SUMMARY OF THE PROJECT NOT TO EXCEED TWO PAGES. TOPICS TO BE INCLUDED IN THE EXECUTIVE SUMMARY ARE A BRIEF DESCRIPTION OF PROPOSED SERVICES AND EQUIPMENT, OWNERSHIP STRUCTURE, SERVICE AREA, NEED, EXISTING RESOURCES, PROJECT COST, FUNDING, FINANCIAL FEASIBILITY AND STAFFING.**

### Proposed Services and Equipment

- TriStar Summit Medical Center is a highly utilized 188-bed community hospital located beside I-40 in Hermitage, Tennessee, in far eastern Davidson County. It is the only general acute care hospital between downtown Nashville and Lebanon (in Wilson County).
- The hospital currently operates 110 medical-surgical beds and in March 2014 will open an additional 8 beds that were previously approved in 2013, for a total of 118 beds. This current project proposes to utilize a wing of the 7<sup>th</sup> floor that currently houses an outpatient sleep lab consisting of four sleep rooms, support space for the sleep lab, and offices. As a result of this request, Summit's bed license would increase from 188 to 196. The Sleep Lab will be relocated to the 4<sup>th</sup> floor of the medical office building attached to Summit's main campus. The Sleep Lab's capacity (4 rooms) will not change.

### Ownership Structure

- TriStar Summit Medical Center is an HCA facility owned by HCA Health Services of Tennessee, Inc., whose ultimate parent company is HCA, Inc. Attachment A.4 contains details, an organization chart, and information on Tennessee facilities owned by HCA.

### Service Area

- The project's primary service area will reflect the hospital's primary service area. That area consists of Davidson and Wilson Counties. Approximately 87.6% of Summit's admissions came from those two counties in 2013. No other county contributed as much as 2% of Summit's admissions.

### Need

- In CY2012, medical-surgical bed average annual occupancy in 2012 was 83.4%.
- In CY 2013, Summit's medical-surgical bed occupancy averaged 87.5%.
- The eight approved orthopedic beds to open at Summit in the Spring of 2014, as part of a prior approved building project, will not fully relieve midweek occupancy pressures on medical-surgical beds. This proposed second 8-bed addition on the seventh floor is projected to relieve midweek occupancy pressures. It will be constructed in existing space, rather than by expensive new construction.

### Existing Resources

- The most recent (2012) Joint Annual Reports indicated that there are 10 *general* hospital facilities in the two-county primary service area, with a total of 3,610 licensed beds. This excludes five facilities or campuses dedicated to psychiatric, rehabilitation, and long term acute care services.
- Summit is the only hospital on the eastern suburban edge of Davidson County, readily accessible to high-growth suburban communities in and around Hermitage and Mt. Juliet. It is a significant distance and drive time from the nearest hospitals east and west of it. It serves suburban patients and their physicians who do not want to make long drives to alternative acute care facilities.

### Project Cost, Funding, Financial Feasibility, and Staffing

- The estimated cost of the project is \$1,812,402 , all of which will be provided through a cash transfer from Summit's parent company, HCA.
- Summit's utilization ensures that the proposed beds will operate at high occupancy and with a positive financial margin.
- This small bed addition will require the addition of approximately 8.5 nurse and nurse tech FTE's.

**B.II. PROVIDE A DETAILED NARRATIVE OF THE PROJECT BY ADDRESSING THE FOLLOWING ITEMS AS THEY RELATE TO THE PROPOSAL.**

**B.II.A. DESCRIBE THE CONSTRUCTION, MODIFICATION AND/OR RENOVATION OF THE FACILITY (EXCLUSIVE OF MAJOR MEDICAL EQUIPMENT COVERED BY T.C.A. 68-11-1601 *et seq.*) INCLUDING SQUARE FOOTAGE, MAJOR AREAS, ROOM CONFIGURATION, ETC.**

Physical Description

The project will require renovation of the west wing of Summit Medical Center's seventh floor. The west wing as built was partitioned into space equivalent to patient room sizes, but has been used for Sleep Lab services in recent years. Those rooms provide overnight stays to evaluate sleep disorders, but they are not inpatient acute care beds; nor are they now licensed as such. Adding eight medical-surgical beds at that location will increase Summit's licensed bed complement by only 4.3%, from 188 to 196 beds. The seventh-floor work to be performed will consist of major and minor renovation in 4,406 SF of space, and will include adding handicapped-accessible bathrooms. A floor plan of the proposed renovation is provided on the second following page.

The Sleep Lab currently consists of four sleep rooms, support spaces for the sleep rooms, and offices. It will be relocated to medical office building space on the Summit campus, owned by Summit. It will require renovation of approximately 3,000 SF. Its capacity (four sleep rooms) will remain the same.

<b>Table Two-A: Summary of Proposed Bed Changes</b>			
	<b>Current Licensed Beds</b>	<b>Proposed Licensed Beds</b>	<b>Change in Licensed Beds</b>
Medical-Surgical	118	126	+8
Total Hospital	188	196	+8 (+4.3%)

*Source: HCA Development Department*

<b>Table Two-B: Summary of Construction</b>	
	<b>Total Square Feet</b>
Area of New Construction	0
Area of Renovation--Seventh Floor Beds	4,406 SF
Area of Renovation--MOB (Sleep Lab)	3,000 SF*
Total Area of Construction	7,406 SF

*Source: HCA Development Department. Sleep lab will have 2,936 usable SF.*

### Operational Schedule

The eight beds will be available for acute inpatient medical-surgical care 24 hours daily, throughout the year. The applicant intends to open them on or before January 1, 2015. CY2015 is their projected first full year of operation. The Sleep Lab will continue to be available during normal operating hours, Monday through Friday.

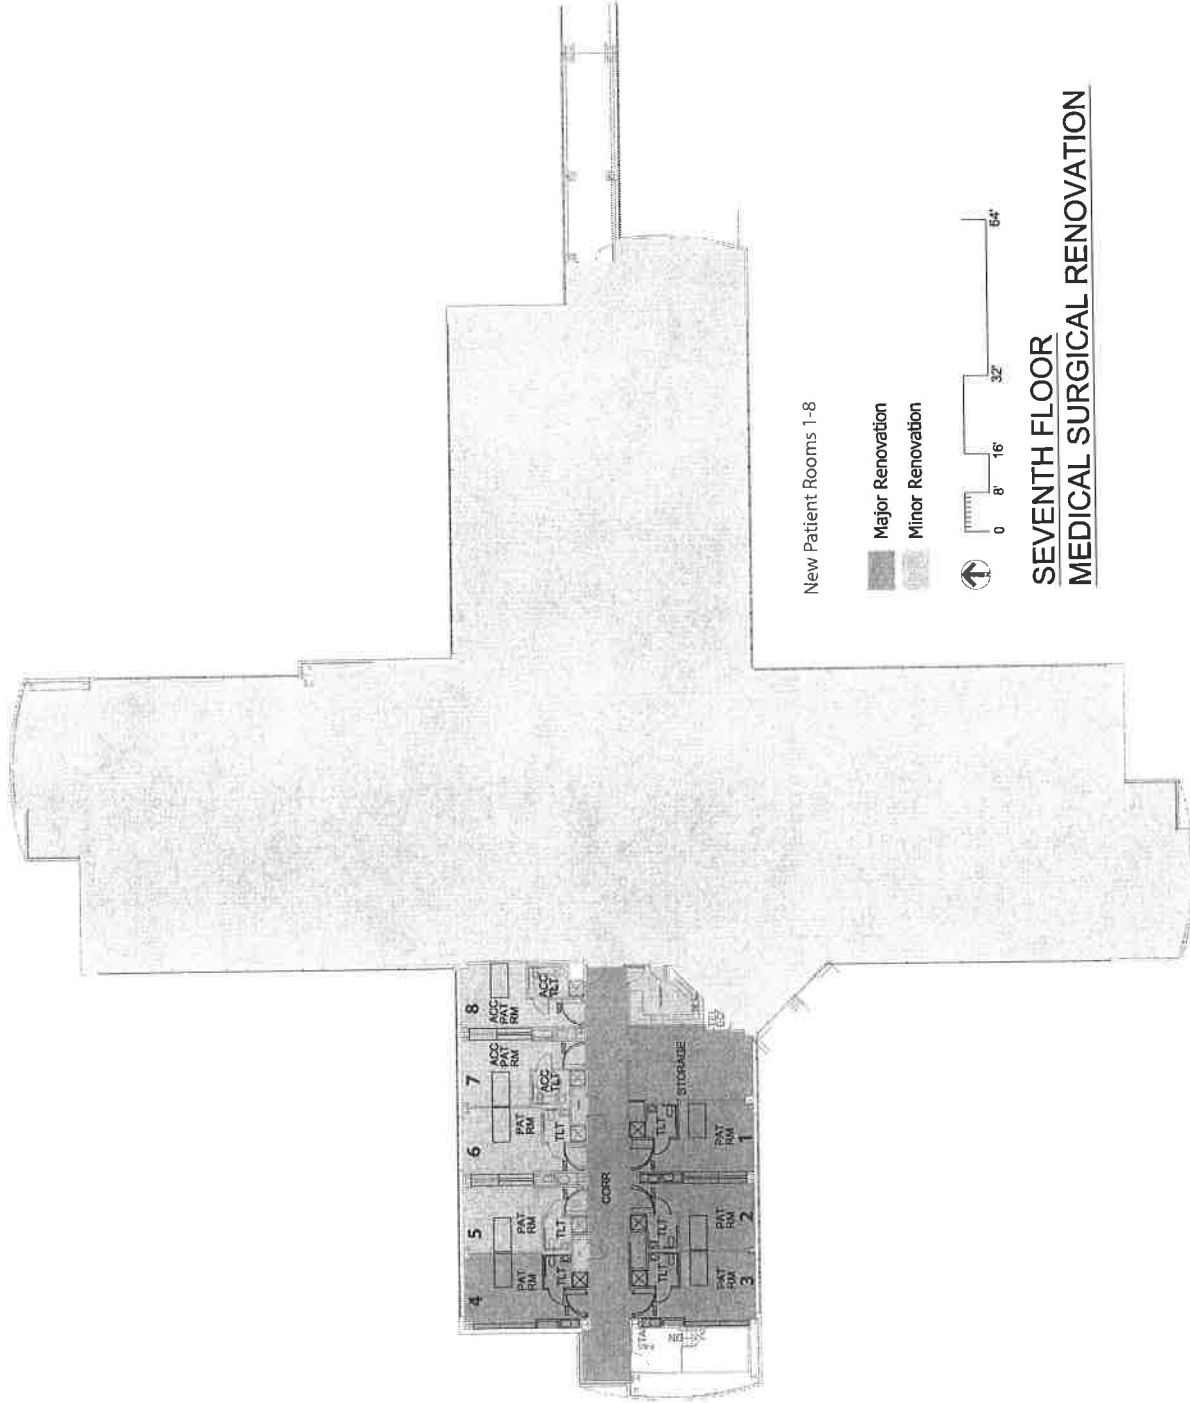

### Cost and Funding

The project cost is estimated at \$1,812,402. This will be funded entirely by HCA, Inc., TriStar Summit Medical Center's ultimate parent company, through a cash transfer to TriStar Health System, HCA's regional office.

### Ownership

Summit Medical Center is owned and operated by HCA Health Services of Tennessee, Inc., which is wholly owned through entities wholly owned by HCA, Inc., a national hospital company based in Nashville, Tennessee. Attachment A.4 contains an organization chart of the applicant's chain of ownership up to the parent company.

HERMITAGE, TENNESSEE

**APPLICANTS WITH HOSPITAL PROJECTS (CONSTRUCTION COST IN EXCESS OF \$5 MILLION) AND OTHER FACILITY PROJECTS (CONSTRUCTION COST IN EXCESS OF \$2 MILLION) SHOULD COMPLETE THE SQUARE FOOTAGE AND COSTS PER SQUARE FOOTAGE CHART...**

Not applicable; the project cost is below that review threshold.

**PLEASE ALSO DISCUSS AND JUSTIFY THE COST PER SQUARE FOOT FOR THIS PROJECT.**

The estimated \$1,163,133 renovation cost of the project is approximately \$157 per SF--with the bed wing averaging approximately \$224 PSF, and the Sleep Lab MOB renovation averaging approximately \$59 PSF (these are rounded numbers).

<b>Table Two: Construction Cost PSF</b>			
<b>Component</b>	<b>Construction Cost</b>	<b>SF of Renovation</b>	<b>Construction Cost PSF</b>
7 <sup>th</sup> Floor Beds	\$984,973	4,406	\$223.55
Sleep Lab	\$176,160	3,000	\$58.72
<i>Total Project</i>	<i>\$1,161,143</i>	<i>7,406</i>	<i>\$156.78</i>

The 2010-12 hospital construction projects approved by the HSDA had the following costs per SF. The Summit project's bed wing construction cost of approximately \$224 PSF is below the 3<sup>rd</sup> quartile average Statewide. The project's overall total construction cost average of approximately \$157 PSF is below the Statewide median.

<b>Table Three: Hospital Construction Cost Per Square Foot Applications Approved by the HSDA Years: 2010 – 2012</b>			
	<b>Renovation</b>	<b>New Construction</b>	<b>Total Construction</b>
<b>1<sup>st</sup> Quartile</b>	\$99.12/sq ft	\$234.64/sq ft	\$167.99/sq ft
<b>Median</b>	\$177.60/sq ft	\$259.66/sq ft	\$235.00/sq ft
<b>3<sup>rd</sup> Quartile</b>	\$249.00/sq ft	\$307.80/sq ft	\$274.63/sq ft

- 18. POSITIVE EMISSION TOMOGRAPHY**
- 19. RADIATION THERAPY/LINEAR ACCELERATOR**
- 20. REHABILITATION SERVICES**
- 21. SWING BEDS**

Need for More Medical-Surgical Beds at Summit Medical Center

In July 2013, the HSDA approved Summit's application CN1304-011, for addition of twelve rehabilitation beds and formation of an eight-bed orthopedic surgical bed unit specifically for a new Joint Replacement program. The twelve rehabilitation beds were opened six months later, on December 26, 2013. The eight-bed Joint Replacement unit is under construction and is expected to open during March, 2014. Neither of those changes will increase Summit's 188-bed license, because they are being offset by closure of twenty psychiatric beds.

However, even with the eight Joint Replacement beds in service, Summit will still have a current need for additional bed capacity for *medical* admissions, especially on the 7<sup>th</sup> Floor, where cardiology, neurology, and stroke patients receive care. As Summit projected to the HSDA in that prior application, even with the eight new orthopedic beds in service, its medical-surgical complement (118) would still reach 85% *average* annual occupancy in CY2015. An 85% average annual occupancy means that during the middle

of the week, when patient census is highest in medical-surgical units, occupancy of beds will be higher than 85%. And on weekends it will be lower than 85%.

The need is visually demonstrated by Figure One on the following page. It shows Summit's actual CY2012 and CY2013 medical-surgical inpatient census, plotted against 85% occupancy for three different bed capacity scenarios:

- (a) 110 medical-surgical beds, the current medical-surgical bed complement for many years;
- (b) 118 medical-surgical beds, the complement to be available in March, 2014 when the eight-bed Joint Replacement unit opens; and
- (c) 126 medical-surgical beds, the complement proposed in this application for the west wing of the seventh floor.

The lowest line (110 beds) demonstrates that last year's approved CN1304-011 was appropriate to address chronically excessively high occupancy spikes mid-week. During 2012, medical-surgical bed occupancy reached or exceeded 85% on 45 days. During 2013, it met or exceeded 85% on 96 days.

The middle line (118 beds) illustrates that even the eight additional Joint Replacement Beds will not eliminate frequent mid-week surges of occupancies above 80% to 85%. There will still be many times when new patients must be held waiting in the ED, the Post-Anesthesia Care Unit (recovery beds) or even the ICU, until beds become available. That is inappropriate and inefficient.

Third, the occupancy line for the proposed 126 medical-surgical beds shows that 126 beds are appropriate even if Summit's CY2015 admissions were to remain level after CY2013 (which is unlikely). The additional seventh-floor beds being requested for medical admissions will result in more manageable and efficient utilization mid-week, reducing the times that patients needing beds are kept waiting in the Emergency Room, the PACU (Recovery), or ICU.

**Figure One: TriStar Summit Medical Center  
Historical MedSurg Daily Census w/ Current & Future Occupancy  
2012-2013**

\*8 Approved Total Joint Beds Open 3/1/2014

### No Reasonable Alternatives at Other Hospitals in the Primary Service Area

While there are some underutilized hospital beds reported in Davidson County and Wilson County, the applicant does not regard them as viable options for residents of high-growth suburbs. Several factors should be considered.

First, Summit is in Hermitage, in far eastern Davidson County. It is an *average* of approximately 27 miles and 70 minutes' *round trip* drive to and from alternative hospitals in its primary service area. That is too long a travel time for many suburban families who need to travel to and from hospitalized family members every day. Summit Medical Center was originally approved so that Hermitage area residents would not be forced into such long travel times to older hospitals. The same is true of all the suburban hospitals ringing the Nashville metropolitan area. As Nashville's population grows and its traffic increases, the need to widely distribute beds to suburban growth areas of the city also increases. The CON Board has historically recognized this need, by repeatedly approving expansions of services and beds at suburban hospitals.

Second, Summit estimates that approximately 80% of its admitting physicians now practice primarily or almost exclusively at Summit. Most cannot practice productively at multiple hospitals that are a long drive from Summit. It is problematic to ask unwilling patients to change physicians or service sites, simply to be able to fill up distant hospital beds. So there is a need to maintain reasonable bed availability in Hermitage, for those patients whose physicians can care for them only at Summit. While many patients can wait for an admission, many others cannot--for example, many medical patients and those with emergency surgeries. Suburban bed need should be locally met.

**B.II.D. DESCRIBE THE NEED TO CHANGE LOCATION OR REPLACE AN EXISTING FACILITY.**

Not applicable. The project does neither of those things.

**B.II.E. DESCRIBE THE ACQUISITION OF ANY ITEM OF MAJOR MEDICAL EQUIPMENT (AS DEFINED BY THE AGENCY RULES AND THE STATUTE) WHICH EXCEEDS A COST OF \$1.5 MILLION; AND/OR IS A MAGNETIC RESONANCE IMAGING SCANNER (MRI), POSITRON EMISSION TOMOGRAPHY (PET) SCANNER, EXTRACORPOREAL LITHOTRIPTER AND/OR LINEAR ACCELERATOR BY RESPONDING TO THE FOLLOWING:**

1. For fixed site major medical equipment (not replacing existing equipment):
  - a. Describe the new equipment, including:
    1. Total Cost (As defined by Agency Rule);
    2. Expected Useful Life;
    3. List of clinical applications to be provided; and
    4. Documentation of FDA approval.
  - b. Provide current and proposed schedule of operations.
2. For mobile major medical equipment:
  - a. List all sites that will be served;
  - b. Provide current and/or proposed schedule of operations;
  - c. Provide the lease or contract cost;
  - d. Provide the fair market value of the equipment; and
  - e. List the owner for the equipment.
3. Indicate applicant's legal interest in equipment (e.g., purchase, lease, etc.) In the case of equipment purchase, include a quote and/or proposal from an equipment vendor, or in the case of an equipment lease provide a draft lease or contract that at least includes the term of the lease and the anticipated lease payments.

Not applicable. There is no major medical equipment proposed in this project.

**B.III.A. ATTACH A COPY OF THE PLOT PLAN OF THE SITE ON AN 8-1/2" X 11" SHEET OF WHITE PAPER WHICH MUST INCLUDE:**

1. SIZE OF SITE (IN ACRES);
2. LOCATION OF STRUCTURE ON THE SITE;
3. LOCATION OF THE PROPOSED CONSTRUCTION; AND
4. NAMES OF STREETS, ROADS OR HIGHWAYS THAT CROSS OR BORDER THE SITE.

**PLEASE NOTE THAT THE DRAWINGS DO NOT NEED TO BE DRAWN TO SCALE. PLOT PLANS ARE REQUIRED FOR ALL PROJECTS.**

See Attachment B.III.A.

**B.III.B.1. DESCRIBE THE RELATIONSHIP OF THE SITE TO PUBLIC TRANSPORTATION ROUTES, IF ANY, AND TO ANY HIGHWAY OR MAJOR ROAD DEVELOPMENTS IN THE AREA. DESCRIBE THE ACCESSIBILITY OF THE PROPOSED SITE TO PATIENTS/CLIENTS.**

Summit Medical Center is located in Hermitage, on the far eastern edge of Davidson County near the Wilson County line. The hospital is on the west side of Old Hickory Boulevard / Highway 45, approximately one mile north of Exit 221 from I-40, and is visible from that exit. Summit serves patients primarily from eastern Davidson County and western Wilson County. Interstate I-40 and U.S. Highway 70, which run east and west between Nashville and Lebanon, are the service area's principal east-west roadways; Old Hickory Boulevard is one of the service area's major roadways running north-south beside the Summit campus.

Summit is very accessible to western Wilson County, as well as to eastern Davidson County between Old Hickory Lake (the Cumberland River) and the areas west, north, and east of Percy Priest Lake. The rapidly growing Mt. Juliet community is the fastest growing sector of western Wilson County; and Mt. Juliet is much closer to Summit Medical Center (6.9 miles; 15 minutes) than it is to University Medical Hospital in Lebanon (13.2 miles; 19 minutes).

<b>Table Five: Round-Trip Mileage and Drive Times Between Hermitage and Other Medical-Surgical Beds In the Primary Service Area</b>				
<b>Location of Medical-Surgical Beds</b>	<b>Mileage 1-Way</b>	<b>Time 1-Way</b>	<b>Mileage Rd-Trip</b>	<b>Time Rd-Trip</b>
Centennial Medical Center	13.6	19 min.	27.2	38 min.

<b>Round-Trip Average</b>	<b>26.6 mi.</b>	<b>34.8 min.</b>	<b>50.2 mi.</b>	<b>69.6 min.</b>

*Source: Google Maps, January 2014. All facilities are in Davidson County, except UMC, which is in Lebanon, Wilson County.*

**B.IV. ATTACH A FLOOR PLAN DRAWING FOR THE FACILITY WHICH INCLUDES PATIENT CARE ROOMS (NOTING PRIVATE OR SEMI-PRIVATE), ANCILLARY AREAS, EQUIPMENT AREAS, ETC.**

See attachment B.IV.

**IV. FOR A HOME CARE ORGANIZATION, IDENTIFY**

- 1. EXISTING SERVICE AREA (BY COUNTY);**
- 2. PROPOSED SERVICE AREA (BY COUNTY);**
- 3. A PARENT OR PRIMARY SERVICE PROVIDER;**
- 4. EXISTING BRANCHES AND/OR SUB-UNITS; AND**
- 5. PROPOSED BRANCHES AND/OR SUBUNITS.**

Not applicable. The application is not for a home care organization.

## **C(I) NEED**

### **C(I).1. DESCRIBE THE RELATIONSHIP OF THIS PROPOSAL TO THE IMPLEMENTATION OF THE STATE HEALTH PLAN AND TENNESSEE'S HEALTH: GUIDELINES FOR GROWTH.**

**A. PLEASE PROVIDE A RESPONSE TO EACH CRITERION AND STANDARD IN CON CATEGORIES THAT ARE APPLICABLE TO THE PROPOSED PROJECT. DO NOT PROVIDE RESPONSES TO GENERAL CRITERIA AND STANDARDS (PAGES 6-9) HERE.**

**B. APPLICATIONS THAT INCLUDE A CHANGE OF SITE FOR A HEALTH CARE INSTITUTION, PROVIDE A RESPONSE TO GENERAL CRITERION AND STANDARDS (4)(a-c).**

#### **Project-Specific Review Criteria--Acute Care Bed Services**

From an areawide planning standpoint, this project adds a negligible number of acute care beds. It increases service area's acute care beds by only 8 beds--an insignificant change of one-fifth of one percent of the service area's total 3,999 licensed hospital beds (all licensed acute care beds), and three-fourths of 1% of the bed surplus projected by the Department of Health for CY 2018.

**1. The following methodology should be used and the need for hospital beds should be projected four years into the future from the current year...(guidelines detail the steps of the bed need projection methodology; see pp. 15-16 of Guidelines for Growth.)**

The Tennessee Department of Health's most recently issued bed need projection (for 2014-2018) is provided following this response. It indicates a surplus of 1,053 acute care hospital beds of all types in the project's service area, Davidson and Wilson Counties. This project would increase the surplus by approximately three-fourths of one percent.

<b>Table Six: Minimal Impact of Two Additional Beds On Service Area Hospital Bed Complements</b>					
	<b>Licensed Beds</b>	<b>Bed Surplus 2018</b>	<b>Proposed New Beds</b>	<b>% of Licensed Beds</b>	<b>% of Bed Surplus</b>
Davidson Co.	3,754	940	+8	less than ¼ of 1%	less than 1%
Wilson Co.	245	113	0	0	0
Primary Service Area	3,999	1,053	+8	1/5 of 1%	3/4 of 1%

*Source: TN Department of Health Hospital Bed Need Projection, 2014-2018.*

10-11-2013

**2. New hospital beds can be approved in excess of the “need standard for a county” if the following criteria are met:**

**a) All existing hospitals in the projected service area have an occupancy level greater than or equal to 80% for the most recent joint annual report. Occupancy should be based on the number of licensed beds rather than on staffed beds.**

**b) All outstanding new acute care bed CON projects in the proposed service area are licensed.**

**c) The Health Facilities Agency may give special consideration to acute care bed proposals for specialty health service units in tertiary care regional referral hospitals.**

None of these exceptions applies to this project. Areawide hospital bed occupancy at the area’s general hospitals, as reported in their 2012 Joint Annual Reports, averaged below 80%. Vanderbilt Medical Center has had major bed additions approved since 2007, which are not fully implemented. The applicant is not a tertiary care regional referral hospital.

## **The Framework for Tennessee's Comprehensive State Health Plan Five Principles for Achieving Better Health**

**The following Five Principles for Achieving Better Health serve as the basic framework for the State Health Plan. After each principle, the applicant states how this CON application supports the principle, if applicable.**

### **1. Healthy Lives**

***The purpose of the State Health Plan is to improve the health of Tennesseans.***

**Every person's health is the result of the interaction of individual behaviors, society, the environment, economic factors, and our genetic endowment. The State Health Plan serves to facilitate the collaboration of organizations and their ideas to help address health at these many levels.**

This project will enable Summit Medical Center to continue to assure appropriate medical and surgical intervention for patients residing in its suburban service area, where those patients would have difficulty utilizing another hospital without changing their physician, and without driving long distances.

### **2. Access to Care**

***Every citizen should have reasonable access to health care.***

**Many elements impact one's access to health care, including existing health status, employment, income, geography, and culture. The State Health Plan can provide standards for reasonable access, offer policy direction to improve access, and serve a coordinating role to expand health care access.**

Summit was originally approved, and has since grown, to be the primary hospital resource for large numbers of residents of a high-growth suburban area in eastern Davidson and western Wilson Counties. The incremental addition of beds to improve these persons' convenient access to care is appropriate under this criterion of the Plan.

### **3. Economic Efficiencies**

***The state's health care resources should be developed to address the needs of Tennesseans while encouraging competitive markets, economic efficiencies and the continued development of the state's health care system.*** The State Health Plan should work to identify opportunities to improve the efficiency of the state's health care system and to encourage innovation and competition.

This project increases hospital choice for area patients, because without these beds it would become very difficult for all persons needing local hospitalization to achieve it,

during periods of high demand. It is efficient to use existing rooms to meet this need, since they are available. It is efficient for patients and their families not to have commute to other hospital locations for care they want to obtain locally. It encourages competition by allowing Summit to have sufficient beds to meet the needs of persons wanting to choose Summit for their care.

#### **4. Quality of Care**

***Every citizen should have confidence that the quality of health care is continually monitored and standards are adhered to by health care providers. Health care providers are held to certain professional standards by the state's licensure system. Many health care stakeholders are working to improve their quality of care through adoption of best practices and data-driven evaluation.***

TriStar hospitals such as Summit Medical Center pursue and maintain high quality standards in their services, as defined by best practices standards within HCA as well as by standards promulgated by State licensure.

#### **5. Health Care Workforce**

***The state should support the development, recruitment, and retention of a sufficient and quality health care workforce. The state should consider developing a comprehensive approach to ensure the existence of a sufficient, qualified health care workforce, taking into account issues regarding the number of providers at all levels and in all specialty and focus areas, the number of professionals in teaching positions, the capacity of medical, nursing, allied health and other educational institutions, state and federal laws and regulations impacting capacity programs, and funding.***

This project will not affect the health care workforce to any significant degree.

### **C(I).2. DESCRIBE THE RELATIONSHIP OF THIS PROJECT TO THE APPLICANT'S LONG-RANGE DEVELOPMENT PLANS, IF ANY.**

As stated, this project continues to implement HCA TriStar's plan to provide needed acute care services to suburban locations close to many patients' homes, as well as at its Centennial Medical Center tertiary referral hospital in central Davidson County.

**C(1).3. IDENTIFY THE PROPOSED SERVICE AREA AND JUSTIFY THE REASONABLENESS OF THAT PROPOSED AREA. SUBMIT A COUNTY-LEVEL MAP INCLUDING THE STATE OF TENNESSEE CLEARLY MARKED TO REFLECT THE SERVICE AREA. PLEASE SUBMIT THE MAP ON A 8-1/2" X 11" SHEET OF WHITE PAPER MARKED ONLY WITH INK DETECTABLE BY A STANDARD PHOTOCOPIER (I.E., NO HIGHLIGHTERS, PENCILS, ETC.).**

Summit Medical Center receives approximately 87.6% of its admissions from Davidson and Wilson Counties. On a sub-county level, Summit receives most of its admissions from eastern Davidson County and western Wilson County. Table Seven below mirrors the medical-surgical patient origin experience of the hospital in CY2013.

A service area map and a map showing the location of the service within the State of Tennessee are provided as Attachments C, Need--3 at the back of the application.

<b>Table Seven: Projected Patient Origin Summit Medical Center Medical-Surgical Admissions To Proposed Eight Beds</b>			
<b>PSA County</b>	<b>Percent of Total</b>	<b>Yr. 1 Admissions</b>	<b>Yr. 2 Admissions</b>
Davidson	58.4%	82	111
Wilson	29.2%	41	56
<b>PSA Subtotal</b>	<b>87.6%</b>	<b>123</b>	<b>167</b>
Other Counties or States (2% each)	12.4%	17	23
<b>Total</b>	<b>100.0%</b>	<b>140</b>	<b>190</b>

*Source: Applicant's CY2013 records.*

**C(I).4.A DESCRIBE THE DEMOGRAPHICS OF THE POPULATION TO BE SERVED BY THIS PROPOSAL.**

Please refer to Table Eight on the following page. The county-based primary service area is increasing in population. The State projects that the total population will increase by 4.5% between 2014 and 2018, compared to 3.4% for the State in that period. The elderly 65+ population will increase by 16.3%, compared to 12.4% for the State in that period. The primary service area's income, poverty and TennCare profiles differ somewhat from the State average, with Wilson County being significantly higher in household income, and significantly lower in poverty rate, and TennCare enrollment percentages, than Davidson County.

<b>Table Eight: Demographic Characteristics of Primary Service Area Counties Summit Medical Center 2014-2018</b>				
<b>Demographic</b>	<b>Davidson County</b>	<b>Wilson County</b>	<b>PRIMARY SERVICE AREA</b>	<b>STATE OF TENNESSEE</b>

<b>Percent of 2013 Population Enrolled in TennCare</b>	18.2%	11.7%	17.2%	18.8%
<b>Persons Below Poverty Level (2014)</b>	121,431	11,539	132,970	1,100,465
<b>Persons Below Poverty Level As % of Population (US Census)</b>	18.5%	9.3%	17.0%	17.3%

Sources: TDH Population Projections, Feb. 2008; U.S. Census QuickFacts and FactFinder2; TennCare Bureau. PSA data is unweighted average or total of county data.  
NR means not reported in U.S. Census source document.

**C(I).4.B. DESCRIBE THE SPECIAL NEEDS OF THE SERVICE AREA POPULATION, INCLUDING HEALTH DISPARITIES, THE ACCESSIBILITY TO CONSUMERS, PARTICULARLY THE ELDERLY, WOMEN, RACIAL AND ETHNIC MINORITIES, AND LOW-INCOME GROUPS. DOCUMENT HOW THE BUSINESS PLANS OF THE FACILITY WILL TAKE INTO CONSIDERATION THE SPECIAL NEEDS OF THE SERVICE AREA POPULATION.**

Like other services of Summit Medical Center, this proposed small medical-surgical bed expansion will be accessible to the above groups. It will accept both Medicare and TennCare patients.

**C(I).5. DESCRIBE THE EXISTING OR CERTIFIED SERVICES, INCLUDING APPROVED BUT UNIMPLEMENTED CON'S, OF SIMILAR INSTITUTIONS IN THE SERVICE AREA. INCLUDE UTILIZATION AND/OR OCCUPANCY TRENDS FOR EACH OF THE MOST RECENT THREE YEARS OF DATA AVAILABLE FOR THIS TYPE OF PROJECT. BE CERTAIN TO LIST EACH INSTITUTION AND ITS UTILIZATION AND/OR OCCUPANCY INDIVIDUALLY. INPATIENT BED PROJECTS MUST INCLUDE THE FOLLOWING DATA: ADMISSIONS OR DISCHARGES, PATIENT DAYS, AND OCCUPANCY. OTHER PROJECTS SHOULD USE THE MOST APPROPRIATE MEASURES, E.G., CASES, PROCEDURES, VISITS, ADMISSIONS, ETC.**

Table Nine on the following page shows all available Joint Annual Report data on acute care bed utilization for service area hospitals. The C2013 data are not yet available; so these data are almost two years behind the year of this application. The overall service area occupancy of the ten comparable licensed general hospital campuses in 2012 was 60%, and it has been increasing slowly over the years. For the years 2010-12, beds and overall average length of stay have remained constant--while admissions, patient days, and average occupancies have been steadily increasing.

However, these TDH statistics do not include observation days, which have become significant factors for most hospitals, in that those patients in fact occupy beds and their care is reimbursed on special schedules by insurers. If they were included in JAR statistics, hospitals' occupancies would be higher. As an example, see Summit's Table Ten in the next section of this application.

**Table Nine: General Acute Care Hospital Utilization in Primary Service Area  
2010-2012**

**C(I).6. PROVIDE APPLICABLE UTILIZATION AND/OR OCCUPANCY STATISTICS FOR YOUR INSTITUTION FOR EACH OF THE PAST THREE (3) YEARS AND THE PROJECTED ANNUAL UTILIZATION FOR EACH OF THE TWO (2) YEARS FOLLOWING COMPLETION OF THE PROJECT. ADDITIONALLY, PROVIDE THE DETAILS REGARDING THE METHODOLOGY USED TO PROJECT UTILIZATION. THE METHODOLOGY MUST INCLUDE DETAILED CALCULATIONS OR DOCUMENTATION FROM REFERRAL SOURCES, AND IDENTIFICATION OF ALL ASSUMPTIONS.**

Summit Medical Center on Interstate 40 is the only hospital located in or near the populous and growing communities of eastern Davidson County and western Wilson County. Summit opened a major Emergency Department Expansion in July 2011, and received Accreditation as a Primary Stroke Care Center in November 2011. As a result of these and other service improvements, the hospital's medical-surgical bed resources are stretched very tightly.

Table Ten on the following page provides Summit's actual utilization by bed assignment, for the prior three years (CYP2011-13), and projected utilization by bed assignment for CY2014-2016. The methodologies for the projections are provided on a Notes page following the Table.

Note the significant difference in "occupancy" when considering observation patients along with fully admitted patients--a 9% to 10% increase in occupancy for medical-surgical beds. The JAR occupancy data in Table Nine above does not include observation patient days, although observation patients take up beds and are reimbursed by insurers. In CY2013, Summit's actual occupancy on its medical-surgical beds was 87.5%. But based only on admitted inpatients, those beds were less than 80% occupied.

**Table Ten: Summit Medical Center  
Utilization of Licensed Beds, CY 2010 - CY 2013  
Projected Utilization of Licensed Beds, CY 2014-2016**

	Actual 2011	Actual 2012	Actual 2013	Projected 2014	Project Year One Projected 2015	Project Year Two Projected 2016

\*The 20 Psych beds were closed in August 2013 and converted to 12 Inpatient Rehab beds (opened December 2013) and 8 Ortho total Joint beds (will open in March 2014)..

## NOTES TO TABLE TEN

1. Medical-surgical admissions are projected to increase by 1.5% in 2014, and 3% annually for the next two years through 2016.
2. Critical Care Unit admissions are projected to increase at 3% annually for 2014-2016.
3. The rehabilitation unit admissions reflect projections from prior approved CN1304-011. These beds just opened at the end of CY2013.
4. Obstetrics admissions are projected to increase 1% annually in 2014-2015.
5. As a result of the above projections, TriStar Summit Medical Center's overall bed utilization (*admitted patients plus observation patients*) is expected to increase from 69.1% in 2013, to 73.3% in CY2016. Medical-surgical bed occupancy (*admitted plus observation patients*) is projected to change from 87.5% on 110 beds in 2013, to 83% on 118 beds in 2014, and to reach 82.5% on 126 beds in 2016. During this period, admissions will be increasing every year.

NOTE: This table presents both occupancy on admissions, and also occupancy on admissions + observation patients. In bed units, significant numbers of observation days must now be included in any analysis of bed utilization. No longer an occasional use of beds, observation cases in patient beds now abound, as insurers seek to pay lower costs per day for patient care.

**C(II)1. PROVIDE THE COST OF THE PROJECT BY COMPLETING THE PROJECT COSTS CHART ON THE FOLLOWING PAGE. JUSTIFY THE COST OF THE PROJECT.**

- **ALL PROJECTS SHOULD HAVE A PROJECT COST OF AT LEAST \$3,000 ON LINE F (MINIMUM CON FILING FEE). CON FILING FEE SHOULD BE CALCULATED ON LINE D.**

- **THE COST OF ANY LEASE (BUILDING, LAND, AND/OR EQUIPMENT) SHOULD BE BASED ON FAIR MARKET VALUE OR THE TOTAL AMOUNT OF THE LEASE PAYMENTS OVER THE INITIAL TERM OF THE LEASE, WHICHEVER IS GREATER. NOTE: THIS APPLIES TO ALL EQUIPMENT LEASES INCLUDING BY PROCEDURE OR "PER CLICK" ARRANGEMENTS. THE METHODOLOGY USED TO DETERMINE THE TOTAL LEASE COST FOR A "PER CLICK" ARRANGEMENT MUST INCLUDE, AT A MINIMUM, THE PROJECTED PROCEDURES, THE "PER CLICK" RATE AND THE TERM OF THE LEASE.**

- **THE COST FOR FIXED AND MOVEABLE EQUIPMENT INCLUDES, BUT IS NOT NECESSARILY LIMITED TO, MAINTENANCE AGREEMENTS COVERING THE EXPECTED USEFUL LIFE OF THE EQUIPMENT; FEDERAL, STATE, AND LOCAL TAXES AND OTHER GOVERNMENT ASSESSMENTS; AND INSTALLATION CHARGES, EXCLUDING CAPITAL EXPENDITURES FOR PHYSICAL PLANT RENOVATION OR IN-WALL SHIELDING, WHICH SHOULD BE INCLUDED UNDER CONSTRUCTION COSTS OR INCORPORATED IN A FACILITY LEASE.**

- **FOR PROJECTS THAT INCLUDE NEW CONSTRUCTION, MODIFICATION, AND/OR RENOVATION; DOCUMENTATION MUST BE PROVIDED FROM A CONTRACTOR AND/OR ARCHITECT THAT SUPPORT THE ESTIMATED CONSTRUCTION COSTS.**

The architect's letter supporting the construction cost estimate is provided in Attachment C, Economic Feasibility--1. On the Project Costs Chart, following this response:

Line A.1, A&E fees, were estimated by the project architect.

Line A.2, legal, administrative, and consultant fees, include a contingency for additional expenses that may be incurred in the event of opposition before the Board.

Line A.5, construction cost, was calculated at approximately \$156.78 PSF renovation cost for both components of the project. The estimate was made by HCA Corporate Design and Construction staff.

Line A.8 includes both fixed and moveable equipment costs, estimated by HCA Corporate Design and Construction staff. It includes information systems and telecommunications upgrades and replacements.

# PROJECT COSTS CHART--SUMMIT MEDICAL CENTER / 8 MEDICAL-SURGICAL BEDS

## A. Construction and equipment acquired by purchase:

1. Architectural and Engineering Fees	\$ 88,000
2. Legal, Administrative, Consultant Fees (Excl CON Filing)	30,000
3. Acquisition of Site	0
4. Preparation of Site	0
5. Construction Cost	1,161,133
6. Contingency Fund	65,015
7. Fixed Equipment (not in Construction Contract) in A8	0
8. Moveable Equipment (List all equipment over \$50,000)	464,185
9. Other (Specify) _____	0

## B. Acquisition by gift, donation, or lease:

1. Facility (inclusive of building and land)	0
2. Building only	0
3. Land only	0
4. Equipment (Specify) _____	0
5. Other (Specify) _____	0

## C. Financing Costs and Fees:

1. Interim Financing	0
2. Underwriting Costs	0
3. Reserve for One Year's Debt Service	0
4. Other (Specify) _____	0

## D. Estimated Project Cost (A+B+C)

1,808,333

## E. CON Filing Fee

4,069

## F. Total Estimated Project Cost (D+E)

TOTAL \$ 1,812,402

Actual Capital Cost 1,812,402  
Section B FMV 0

**C(II).2. IDENTIFY THE FUNDING SOURCES FOR THIS PROJECT.**

**a. PLEASE CHECK THE APPLICABLE ITEM(S) BELOW AND BRIEFLY SUMMARIZE HOW THE PROJECT WILL BE FINANCED. (DOCUMENTATION FOR THE TYPE OF FUNDING MUST BE INSERTED AT THE END OF THE APPLICATION, IN THE CORRECT ALPHANUMERIC ORDER AND IDENTIFIED AS ATTACHMENT C, ECONOMIC FEASIBILITY--2).**

       **A. Commercial Loan--Letter from lending institution or guarantor stating favorable initial contact, proposed loan amount, expected interest rates, anticipated term of the loan, and any restrictions or conditions;**

       **B. Tax-Exempt Bonds--copy of preliminary resolution or a letter from the issuing authority, stating favorable contact and a conditional agreement from an underwriter or investment banker to proceed with the issuance;**

       **C. General Obligation Bonds--Copy of resolution from issuing authority or minutes from the appropriate meeting;**

       **D. Grants--Notification of Intent form for grant application or notice of grant award;**

  x   **E. Cash Reserves--Appropriate documentation from Chief Financial Officer; or**

       **F. Other--Identify and document funding from all sources.**

The project will be funded by a cash transfer from the applicant's parent company (HCA, Inc.) to the applicant's division office (TriStar Health System). Documentation of financing is provided in Attachment C, Economic Feasibility--2.

**C(II).3. DISCUSS AND DOCUMENT THE REASONABLENESS OF THE PROPOSED PROJECT COSTS. IF APPLICABLE, COMPARE THE COST PER SQUARE FOOT OF CONSTRUCTION TO SIMILAR PROJECTS RECENTLY APPROVED BY THE HSDA.**

The estimated \$1,163,133 renovation cost of the project is approximately \$157 per SF--with the bed wing averaging approximately \$224 PSF, and the Sleep Lab MOB renovation averaging approximately \$59 PSF (these are rounded numbers).

<b>Table Two (Repeated): Construction Cost PSF</b>			
<b>Component</b>	<b>Construction Cost</b>	<b>SF of Renovation</b>	<b>Construction Cost PSF</b>
7 <sup>th</sup> Floor Beds	\$984,973	4,406	\$223.55
Sleep Lab	\$176,160	3,000	\$58.72
<i>Total Project</i>	<i>\$1,161,143</i>	<i>7,406</i>	<i>\$156.78</i>

The 2010-12 hospital construction projects approved by the HSDA had the following costs per SF. The Summit project's bed wing construction cost of approximately \$224 PSF is below the 3<sup>rd</sup> quartile average Statewide. The project's overall total construction cost average of approximately \$157 PSF is below the Statewide median.

<b>Table Three (Repeated): Hospital Construction Cost Per Square Foot Applications Approved by the HSDA Years: 2010 – 2012</b>			
	<b>Renovation</b>	<b>New Construction</b>	<b>Total Construction</b>
<b>1<sup>st</sup> Quartile</b>	\$99.12/sq ft	\$234.64/sq ft	\$167.99/sq ft
<b>Median</b>	\$177.60/sq ft	\$259.66/sq ft	\$235.00/sq ft
<b>3<sup>rd</sup> Quartile</b>	\$249.00/sq ft	\$307.80/sq ft	\$274.63/sq ft

*Source: Health Services and Development Agency website, 2014*

**C(II).4. COMPLETE HISTORICAL AND PROJECTED DATA CHARTS ON THE FOLLOWING TWO PAGES--DO NOT MODIFY THE CHARTS PROVIDED OR SUBMIT CHART SUBSTITUTIONS. HISTORICAL DATA CHART REPRESENTS REVENUE AND EXPENSE INFORMATION FOR THE LAST THREE (3) YEARS FOR WHICH COMPLETE DATA IS AVAILABLE FOR THE INSTITUTION. PROJECTED DATA CHART REQUESTS INFORMATION FOR THE TWO YEARS FOLLOWING COMPLETION OF THIS PROPOSAL. PROJECTED DATA CHART SHOULD INCLUDE REVENUE AND EXPENSE PROJECTIONS FOR THE PROPOSAL ONLY (I.E., IF THE APPLICATION IS FOR ADDITIONAL BEDS, INCLUDE ANTICIPATED REVENUE FROM THE PROPOSED BEDS ONLY, NOT FROM ALL BEDS IN THE FACILITY).**

See the following pages for these charts, with notes where applicable.

For both the historic and projected charts, there is a "management fee" indicated to an affiliated company (HCA, the parent company). That does not indicate an actual management contract. It is the way HCA allocates its corporate expenses to all the hospitals comprising the company. On the projected data chart that is estimated to be 6.6% of net operating revenues, the amount charged to the hospital in CY2013. The percent varies from year to year; the past three years it has been within the range of 5.8% to 6.9% of net operating revenue.

In the Projected Data Chart's "Other" expenses, there is an item named Parallon. It is a recently organized, wholly owned subsidiary of HCA. It provides support services for the hospitals and allocates the costs of those services back to the hospitals. The services provided by Parallon include:

- All normal Business Office functions (billing, collections, cashiering, etc.)
- Central Scheduling
- Revenue Integrity (chart auditing, charge capture, charge master maintenance)
- Credentialing Functions
- Supply Chain--Materials Management, Accounts Payable & Warehouse
- Payroll functions
- Health Information Management (Medical Records) functions

## HISTORICAL DATA CHART -- SUMMIT MEDICAL CENTER

Give information for the last three (3) years for which complete data are available for the facility or agency.

The fiscal year begins in January.

	Year 2011	Year 2012	Year 2013
A. Utilization Data ( JAR discharge days)	39,877	42,673	43,019
B. Revenue from Services to Patients			
1. Inpatient Services	\$ 371,674,202	419,876,431	471,166,152

Average Net Operating Income after Expenses, Per Day	\$242	\$385
Average Net Operating Income after Expenses, Per Admiss.	\$823	\$1,309

*Source: Projected Data Chart, by hospital management.*

**C(II).6.A. PLEASE PROVIDE THE CURRENT AND PROPOSED CHARGE SCHEDULES FOR THE PROPOSAL. DISCUSS ANY ADJUSTMENT TO CURRENT CHARGES THAT WILL RESULT FROM THE IMPLEMENTATION OF THE PROPOSAL. ADDITIONALLY, DESCRIBE THE ANTICIPATED REVENUE FROM THE PROPOSED PROJECT AND THE IMPACT ON EXISTING PATIENT CHARGES.**

The project's most frequent charges for medical-surgical admissions are shown in response to C(II).6.B below. The addition of the proposed eight beds will not affect any hospital charges. Medical-surgical admissions tend to operate with a positive revenue margin, making it unnecessary to shift costs to other hospital services. This eight-bed addition is projected to have a positive revenue margin.

**C(II).6.B. COMPARE THE PROPOSED CHARGES TO THOSE OF SIMILAR FACILITIES IN THE SERVICE AREA/ADJOINING SERVICE AREAS, OR TO PROPOSED CHARGES OF PROJECTS RECENTLY APPROVED BY THE HSDA. IF APPLICABLE, COMPARE THE PROJECTED CHARGES OF THE PROJECT TO THE CURRENT MEDICARE ALLOWABLE FEE SCHEDULE BY COMMON PROCEDURE TERMINOLOGY (CPT) CODE(S).**

There is no publicly available data by which medical and/or surgical patient charges can be compared to those of the other hospitals in the service area. Table Twelve on the following page compares the service area hospitals' total gross charges (revenues) per admission and per day.

Table Thirteen on the second following page shows the most frequent DRG's of Summit's medical-surgical admissions, with their current Medicare reimbursement, and their projected Years One and Two utilization and average gross charges.

Table Twelve: Comparative Gross Charges for General Acute Care Hospitals in the Primary Service Area 2012							
2012 Joint Annual Reports of Hospitals							
State ID	Facility Name	County	Total Gross Revenues	Admissions	Days	Gross Revenues Per Admission	Gross Revenues Per Day
	The Center for Spinal Surgery	Davidson	\$120,064,474	1,144	1,519	\$104,951.46	\$79,041.79
	University Medical Center (UMC)	Wilson	\$615,719,170	5,528	24,279	\$111,381.90	\$25,360.15
	Southern Hills Medical Center	Davidson	\$404,916,361	4,077	17,845	\$99,317.23	\$22,690.75
	Vanderbilt Medical Center	Davidson	\$5,453,993,390	50,240	275,013	\$108,558.79	\$19,831.77
	Skyline Medical Center, Nashville	Davidson	\$928,727,278	9,773	52,021	\$95,029.91	\$17,852.93
	<b>Summit Medical Center</b>	<b>Davidson</b>	<b>\$755,732,354</b>	<b>10,779</b>	<b>42,722</b>	<b>\$70,111.55</b>	<b>\$17,689.54</b>
	Centennial Medical Center	Davidson	\$2,181,217,313	25,830	147,903	\$84,445.11	\$14,747.62
	Saint Thomas West Hospital	Davidson	\$1,405,480,380	22,621	100,202	\$62,131.66	\$14,026.47
	Metro NV General Hospital	Davidson	\$226,172,521	4,069	17,401	\$55,584.30	\$12,997.67
	Saint Thomas Midtown Hospital	Davidson	\$1,260,376,438	24,189	112,163	\$52,105.36	\$11,237.01
	Skyline Medical Center, Madison	Davidson	\$104,048,767	3,646	26,727	\$28,537.79	\$3,893.02
	<b>SERVICE AREA TOTALS</b>		<b>\$13,456,448,446</b>	<b>161,896</b>	<b>817,795</b>	<b>\$83,117.86</b>	<b>\$16,454.55</b>

**C(II).7. DISCUSS HOW PROJECTED UTILIZATION RATES WILL BE SUFFICIENT TO MAINTAIN COST-EFFECTIVENESS.**

The Projected Data Chart and charge information in the application demonstrate that the medical-surgical beds of this hospital will be cost-effective, and will operate with a positive financial margin.

**C(II).8. DISCUSS HOW FINANCIAL VIABILITY WILL BE ENSURED WITHIN TWO YEARS; AND DEMONSTRATE THE AVAILABILITY OF SUFFICIENT CASH FLOW UNTIL FINANCIAL VIABILITY IS MAINTAINED.**

The proposed expanded medical-surgical beds will be sufficiently utilized in their first two years to operate with a positive financial margin. Cash flow is positive and will remain so.

**C(II).9. DISCUSS THE PROJECT'S PARTICIPATION IN STATE AND FEDERAL REVENUE PROGRAMS, INCLUDING A DESCRIPTION OF THE EXTENT TO WHICH MEDICARE, TENNCARE/MEDICAID, AND MEDICALLY INDIGENT PATIENTS WILL BE SERVED BY THE PROJECT. IN ADDITION, REPORT THE ESTIMATED DOLLAR AMOUNT OF REVENUE AND PERCENTAGE OF TOTAL PROJECT REVENUE ANTICIPATED FROM EACH OF TENNCARE, MEDICARE, OR OTHER STATE AND FEDERAL SOURCES FOR THE PROPOSAL'S FIRST YEAR OF OPERATION.**

Summit Medical Center's medical-surgical beds serve all of the groups listed above. Summit projects charity at approximately 1% of gross revenues; and Medicare and TennCare/Medicaid are projected at a combined 56.6% of services.

<b>Table Fourteen: Medicare and TennCare/Medicaid Gross Revenues, Year One</b>		
	<b>Medicare</b>	<b>TennCare/Medicaid</b>
Gross Revenue	\$2,789,528	\$665,336
Percent of Gross Revenue	45.7%	10.9%

*Source: Hospital management*

**C(II).10. PROVIDE COPIES OF THE BALANCE SHEET AND INCOME STATEMENT FROM THE MOST RECENT REPORTING PERIOD OF THE INSTITUTION, AND THE MOST RECENT AUDITED FINANCIAL STATEMENTS WITH ACCOMPANYING NOTES, IF APPLICABLE. FOR NEW PROJECTS, PROVIDE FINANCIAL INFORMATION FOR THE CORPORATION, PARTNERSHIP, OR PRINCIPAL PARTIES INVOLVED WITH THE PROJECT. COPIES MUST BE INSERTED AT THE END OF THE APPLICATION, IN THE CORRECT ALPHANUMERIC ORDER AND LABELED AS ATTACHMENT C, ECONOMIC FEASIBILITY--10.**

These are provided as Attachment C, Economic Feasibility--10.

**C(II).11. DESCRIBE ALL ALTERNATIVES TO THIS PROJECT WHICH WERE CONSIDERED AND DISCUSS THE ADVANTAGES AND DISADVANTAGES OF EACH ALTERNATIVE, INCLUDING BUT NOT LIMITED TO:**

**A. A DISCUSSION REGARDING THE AVAILABILITY OF LESS COSTLY, MORE EFFECTIVE, AND/OR MORE EFFICIENT ALTERNATIVE METHODS OF PROVIDING THE BENEFITS INTENDED BY THE PROPOSAL. IF DEVELOPMENT OF SUCH ALTERNATIVES IS NOT PRACTICABLE, THE APPLICANT SHOULD JUSTIFY WHY NOT, INCLUDING REASONS AS TO WHY THEY WERE REJECTED.**

**B. THE APPLICANT SHOULD DOCUMENT THAT CONSIDERATION HAS BEEN GIVEN TO ALTERNATIVES TO NEW CONSTRUCTION, E.G., MODERNIZATION OR SHARING ARRANGEMENTS. IT SHOULD BE DOCUMENTED THAT SUPERIOR ALTERNATIVES HAVE BEEN IMPLEMENTED TO THE MAXIMUM EXTENT PRACTICABLE.**

With respect to construction, the project requires no new construction. It will be done entirely by renovation. With respect to alternatives, there is no alternative way to make acute care beds more accessible to residents of the suburban eastern edge of Davidson County and adjoining western Wilson County. Summit is the closest hospital to these communities, who use it intensively.

The annual average occupancy of the hospital's 110 medical-surgical beds, including observation patients using licensed beds, reached 87.5% in CY2013 and continuing increases in admissions are expected. As discussed in prior sections of the application, midweek occupancies were even higher. This eight-bed expansion is the fastest and most economical way to relieve occupancy pressures.

**C(III).1. LIST ALL EXISTING HEALTH CARE PROVIDERS (I.E., HOSPITALS, NURSING HOMES, HOME CARE ORGANIZATIONS, ETC.) MANAGED CARE ORGANIZATIONS, ALLIANCES, AND/OR NETWORKS WITH WHICH THE APPLICANT CURRENTLY HAS OR PLANS TO HAVE CONTRACTUAL AGREEMENTS FOR HEALTH SERVICES.**

Following are the facilities most frequently utilizes in its discharge planning:

Skilled Nursing- McKendree, Mt. Juliet Healthcare, Donelson Place, Lebanon Health and Rehabilitation

Hospice- Alive Hospice, Odyssey, Avalon, Asera Care

Home Health- Suncrest, Gentevia, and Amedysis Home Health Care of Middle

Home Infusion- Walgreens, IV Solutions, Coram

DME- Medical Necessities, At Home Medical, Apria, All-Star

Summit Medical Center is fully contracted with all available TennCare MCO's in the Middle Tennessee Region. They are as follows:

<b>Table One (Repeated): Contractual Relationships with Service Area MCO's</b>	
<b>Available TennCare MCO's</b>	<b>Applicant's Relationship</b>
AmeriGroup	contracted
United Healthcare Community Plan (formerly AmeriChoice)	contracted
TennCare Select	contracted

**C(III).2. DESCRIBE THE POSITIVE AND/OR NEGATIVE EFFECTS OF THE PROPOSAL ON THE HEALTH CARE SYSTEM. PLEASE BE SURE TO DISCUSS ANY INSTANCES OF DUPLICATION OR COMPETITION ARISING FROM YOUR PROPOSAL, INCLUDING A DESCRIPTION OF THE EFFECT THE PROPOSAL WILL HAVE ON THE UTILIZATION RATES OF EXISTING PROVIDERS IN THE SERVICE AREA OF THE PROJECT.**

The project will improve local patients' accessibility to medical-surgical beds in the near term. Summit Medical Center in Hermitage is the only hospital in eastern Davidson County, between the central Davidson County hospitals (Centennial, Baptist, Saint Thomas Midtown) and University Medical Center in Lebanon. It was originally approved as this area's own community hospital--its only medical-surgical acute care resource close at hand. A very large medical community has grown up around Summit. When its medical-surgical beds are full, this delays the admission of local patients needing care, or forces them to change their providers--which may include their physicians--in order to obtain timely care. So the effects of this small expansion will be only beneficial. It is difficult to believe that licensure of eight additional beds at this location could have any significant negative impact on any other hospitals.

**C(III).3. PROVIDE THE CURRENT AND/OR ANTICIPATED STAFFING PATTERN FOR ALL EMPLOYEES PROVIDING PATIENT CARE FOR THE PROJECT. THIS CAN BE REPORTED USING FTE'S FOR THESE POSITIONS. IN ADDITION, PLEASE COMPARE THE CLINICAL STAFF SALARIES IN THE PROPOSAL TO PREVAILING WAGE PATTERNS IN THE SERVICE AREA AS PUBLISHED BY THE TENNESSEE DEPARTMENT OF LABOR & WORKFORCE DEVELOPMENT AND/OR OTHER DOCUMENTED SOURCES.**

Please see the following page for Table Sixteen, showing projected FTE's and salary ranges for both units.

The Department of Labor and Workforce Development website indicates the following Nashville area's hourly salary information for the clinical positions in this project:

<b>Table Fifteen: TDOL Surveyed Average Salaries for the Region</b>				
<b>Position</b>	<b>Entry Level</b>	<b>Median</b>	<b>Mean</b>	<b>Experienced</b>
RN	\$21.55	\$28.90	\$31.00	\$35.70

**Table Sixteen: Summit Medical Center  
Eight-Bed Medical Wing, 7th Floor  
Staffing Requirements**

Position Type (RN, etc.)	Med-Surg Department FTE's	Project Year One FTE's	Project Year Two FTE's	Salary Range (Hourly)
<b>WEST WING 8-BED UNIT</b>				
RN	113.6	5.50	6.50	22.00 - 32.49
Certified Nurse Technician	48.9	1.50	2.00	15.40 - 17.00
<b>Total FTE's, Seventh Floor Project</b>	<b>162.5</b>	<b>7.00</b>	<b>8.50</b>	

Source: Hospital Management

Note: Department FTE's are for the entire Med-Surg Department; Project FTE's are for the proposed 8-bed addition.

**C(III).4. DISCUSS THE AVAILABILITY OF AND ACCESSIBILITY TO HUMAN RESOURCES REQUIRED BY THE PROPOSAL, INCLUDING ADEQUATE PROFESSIONAL STAFF, AS PER THE DEPARTMENT OF HEALTH, THE DEPARTMENT OF MENTAL HEALTH AND DEVELOPMENTAL DISABILITIES, AND/OR THE DIVISION OF MENTAL RETARDATION SERVICES LICENSING REQUIREMENTS.**

TriStar anticipates no difficulties in attracting the very small increment of nursing staff needed to serve patients in these additional medical-surgical beds.

**C(III).5. VERIFY THAT THE APPLICANT HAS REVIEWED AND UNDERSTANDS THE LICENSING CERTIFICATION AS REQUIRED BY THE STATE OF TENNESSEE FOR MEDICAL/CLINICAL STAFF. THESE INCLUDE, WITHOUT LIMITATION, REGULATIONS CONCERNING PHYSICIAN SUPERVISION, CREDENTIALING, ADMISSIONS PRIVILEGES, QUALITY ASSURANCE POLICIES AND PROGRAMS, UTILIZATION REVIEW PPOLICIES AND PROGRAMS, RECORD KEEPING, AND STAFF EDUCATION.**

The applicant so verifies.

**C(III).6. DISCUSS YOUR HEALTH CARE INSTITUTION'S PARTICIPATION IN THE TRAINING OF STUDENTS IN THE AREAS OF MEDICINE, NURSING, SOCIAL WORK, ETC. (I.E., INTERNSHIPS, RESIDENCIES, ETC.).**

TriStar Summit Medical Center is a clinical rotation site for numerous students in the health professions. The colleges/universities with which Summit has student affiliation agreements include:

- Austin Peay State University
- Belmont
- Bethel
- Breckinridge
- Columbia State Community College
- Cumberland University
- East Tennessee State University
- Fortis Institute
- Lipscomb University
- Miller-Motte
- Middle Tennessee School of Anesthesia
- Middle Tennessee State University
- Southeastern Institute
- Tennessee State University
- Tennessee Tech Center @ Murfreesboro
- Trevecca University
- Union University
- Vanderbilt University
- Volunteer State Community College

In CY2013, Summit Medical Center served as a training rotation site for 381 students from these schools, in the following disciplines and programs: Nursing (149); EMT/Paramedic (79); CRNA's (64); Pharmacy (13); Nutrition (6); Respiratory Therapy (33); Medical Imaging (15); Physician's Assistant (8); Physical Therapy (3); Surgery (3); and Radiation Oncology (8).

**C(III).7(a). PLEASE VERIFY, AS APPLICABLE, THAT THE APPLICANT HAS REVIEWED AND UNDERSTANDS THE LICENSURE REQUIREMENTS OF THE DEPARTMENT OF HEALTH, THE DEPARTMENT OF MENTAL HEALTH AND DEVELOPMENTAL DISABILITIES, THE DIVISION OF MENTAL RETARDATION SERVICES, AND/OR ANY APPLICABLE MEDICARE REQUIREMENTS.**

The applicant so verifies.

**C(III).7(b). PROVIDE THE NAME OF THE ENTITY FROM WHICH THE APPLICANT HAS RECEIVED OR WILL RECEIVE LICENSURE, CERTIFICATION, AND/OR ACCREDITATION**

**LICENSURE:** Board for Licensing of Health Care Facilities  
Tennessee Department of Health

**CERTIFICATION:** Medicare Certification from CMS  
TennCare Certification from TDH

**ACCREDITATION:** Joint Commission  
1. Hospital (current)  
2. Certified Primary Stroke Center

**C(III).7(c). IF AN EXISTING INSTITUTION, PLEASE DESCRIBE THE CURRENT STANDING WITH ANY LICENSING, CERTIFYING, OR ACCREDITING AGENCY OR AGENCY.**

The applicant is currently licensed in good standing by the Board for Licensing Health Care Facilities, certified for participation in Medicare and Medicaid/TennCare, and fully accredited by the Joint Commission.

**C(III).7(d). FOR EXISTING LICENSED PROVIDERS, DOCUMENT THAT ALL DEFICIENCIES (IF ANY) CITED IN THE LAST LICENSURE CERTIFICATION AND INSPECTION HAVE BEEN ADDRESSED THROUGH AN APPROVED PLAN OF CORRECTION. PLEASE INCLUDE A COPY OF THE MOST RECENT LICENSURE/CERTIFICATION INSPECTION WITH AN APPROVED PLAN OF CORRECTION.**

They have been addressed. A copy of the most recent licensure inspection and plan of correction, and/or the most recent accreditation inspection, are provided in Attachment C, Orderly Development--7(C). Summit Medical Center is also a Joint Commission-certified Primary Stroke Center.

**C(III)8. DOCUMENT AND EXPLAIN ANY FINAL ORDERS OR JUDGMENTS ENTERED IN ANY STATE OR COUNTRY BY A LICENSING AGENCY OR COURT AGAINST PROFESSIONAL LICENSES HELD BY THE APPLICANT OR ANY ENTITIES OR PERSONS WITH MORE THAN A 5% OWNERSHIP INTEREST IN THE APPLICANT. SUCH INFORMATION IS TO BE PROVIDED FOR LICENSES REGARDLESS OF WHETHER SUCH LICENSE IS CURRENTLY HELD.**

None.

**C(III)9. IDENTIFY AND EXPLAIN ANY FINAL CIVIL OR CRIMINAL JUDGMENTS FOR FRAUD OR THEFT AGAINST ANY PERSON OR ENTITY WITH MORE THAN A 5% OWNERSHIP INTEREST IN THE PROJECT.**

None.

**C(III)10. IF THE PROPOSAL IS APPROVED, PLEASE DISCUSS WHETHER THE APPLICANT WILL PROVIDE THE THSDA AND/OR THE REVIEWING AGENCY INFORMATION CONCERNING THE NUMBER OF PATIENTS TREATED, THE NUMBER AND TYPE OF PROCEDURES PERFORMED, AND OTHER DATA AS REQUIRED.**

Yes. The applicant will provide the requested data consistent with Federal HIPAA requirements.

## **PROOF OF PUBLICATION**

Attached.

## **DEVELOPMENT SCHEDULE**

**1. PLEASE COMPLETE THE PROJECT COMPLETION FORECAST CHART ON THE NEXT PAGE. IF THE PROJECT WILL BE COMPLETED IN MULTIPLE PHASES, PLEASE IDENTIFY THE ANTICIPATED COMPLETION DATE FOR EACH PHASE.**

The Project Completion Forecast Chart is provided after this page.

**2. IF THE RESPONSE TO THE PRECEDING QUESTION INDICATES THAT THE APPLICANT DOES NOT ANTICIPATE COMPLETING THE PROJECT WITHIN THE PERIOD OF VALIDITY AS DEFINED IN THE PRECEDING PARAGRAPH, PLEASE STATE BELOW ANY REQUEST FOR AN EXTENDED SCHEDULE AND DOCUMENT THE "GOOD CAUSE" FOR SUCH AN EXTENSION.**

Not applicable. The applicant anticipates completing the project within the period of validity.

## PROJECT COMPLETION FORECAST CHART

Enter the Agency projected Initial Decision Date, as published in Rule 68-11-1609(c):

May 28, 2014

Assuming the CON decision becomes the final Agency action on that date, indicate the number of days from the above agency decision date to each phase of the completion forecast.

PHASE	DAYS REQUIRED	Anticipated Date (MONTH /YEAR)
1. Architectural & engineering contract signed	2	6-1-13
2. Construction documents approved by TDH	32	7-1-13
3. Construction contract signed	36	7-5-13
4. Building permit secured	51	7-20-13
5. Site preparation completed	na	na
6. Building construction commenced	61	8-1-14
7. Construction 40% complete	91	9-1-14
8. Construction 80% complete	121	10-1-14
9. Construction 100% complete	181	12-1-14
10. * Issuance of license (occupancy approval)	195	12-15-14
11. *Initiation of service	211	12-31-14
12. Final architectural certification of payment	271	3-1-14
13. Final Project Report Form (HF0055)	291	4-1-15

**\* For projects that do NOT involve construction or renovation: please complete items 10-11 only.**

**Note: If litigation occurs, the completion forecast will be adjusted at the time of the final determination to reflect the actual issue date.**

CHARTER

OF

HCA HEALTH SERVICES OF TENNESSEE, INC.

The undersigned natural persons, having capacity to contract and acting as the incorporators of a corporation under the Tennessee General Corporation Act, adopt the following Charter for such corporation.

1. The name of the corporation is HCA HEALTH SERVICES OF TENNESSEE, INC.

2. The duration of the corporation is perpetual.

3. The address of the principal office of the corporation in the State of Tennessee shall be One Park Plaza, Nashville, County of Davidson.

4. The corporation is for profit.

5. The purposes for which the corporation is organized are:

(a) To purchase, lease or otherwise acquire, to operate, and to sell, lease or otherwise dispose of hospitals, convalescent homes, nursing homes and other institutions for the medical care and treatment of patients; to purchase, manufacture, or prepare and to sell or otherwise deal in, as principal or as agent, medical equipment or supplies; to construct, or lease, and to operate restaurants, drug stores, gift shops, office buildings, and other facilities in connection with hospitals or other medical facilities owned or operated by it; to engage in any other act or acts which a corporation may perform for a lawful purpose or purposes.

(b) To consult with owners of hospitals and all other types of health care or medically-oriented facilities or managers thereof regarding any matters related to the construction, design, ownership, staffing or operation of such facilities.

(c) To provide consultation, advisory and management services to any business, whether corporation, trust, association, partnership, joint venture or proprietorship.

6. The maximum number of shares which the corporation shall have the authority to issue is One Thousand (1,000) shares of Common Stock, par value of \$1.00 per share.

7. The corporation will not commence business until the consideration of One Thousand Dollars (\$1,000) has been received for the issuance of shares.

8. (a) The shareholders of this corporation shall have none of the preemptive rights set forth in the Tennessee General Corporation Act.

00224 00804  
The initial bylaws of this corporation shall be adopted by the incorporators hereof, and thereafter, the bylaws of this corporation may be amended, repealed or adopted by a majority of the outstanding shares of capital stock.

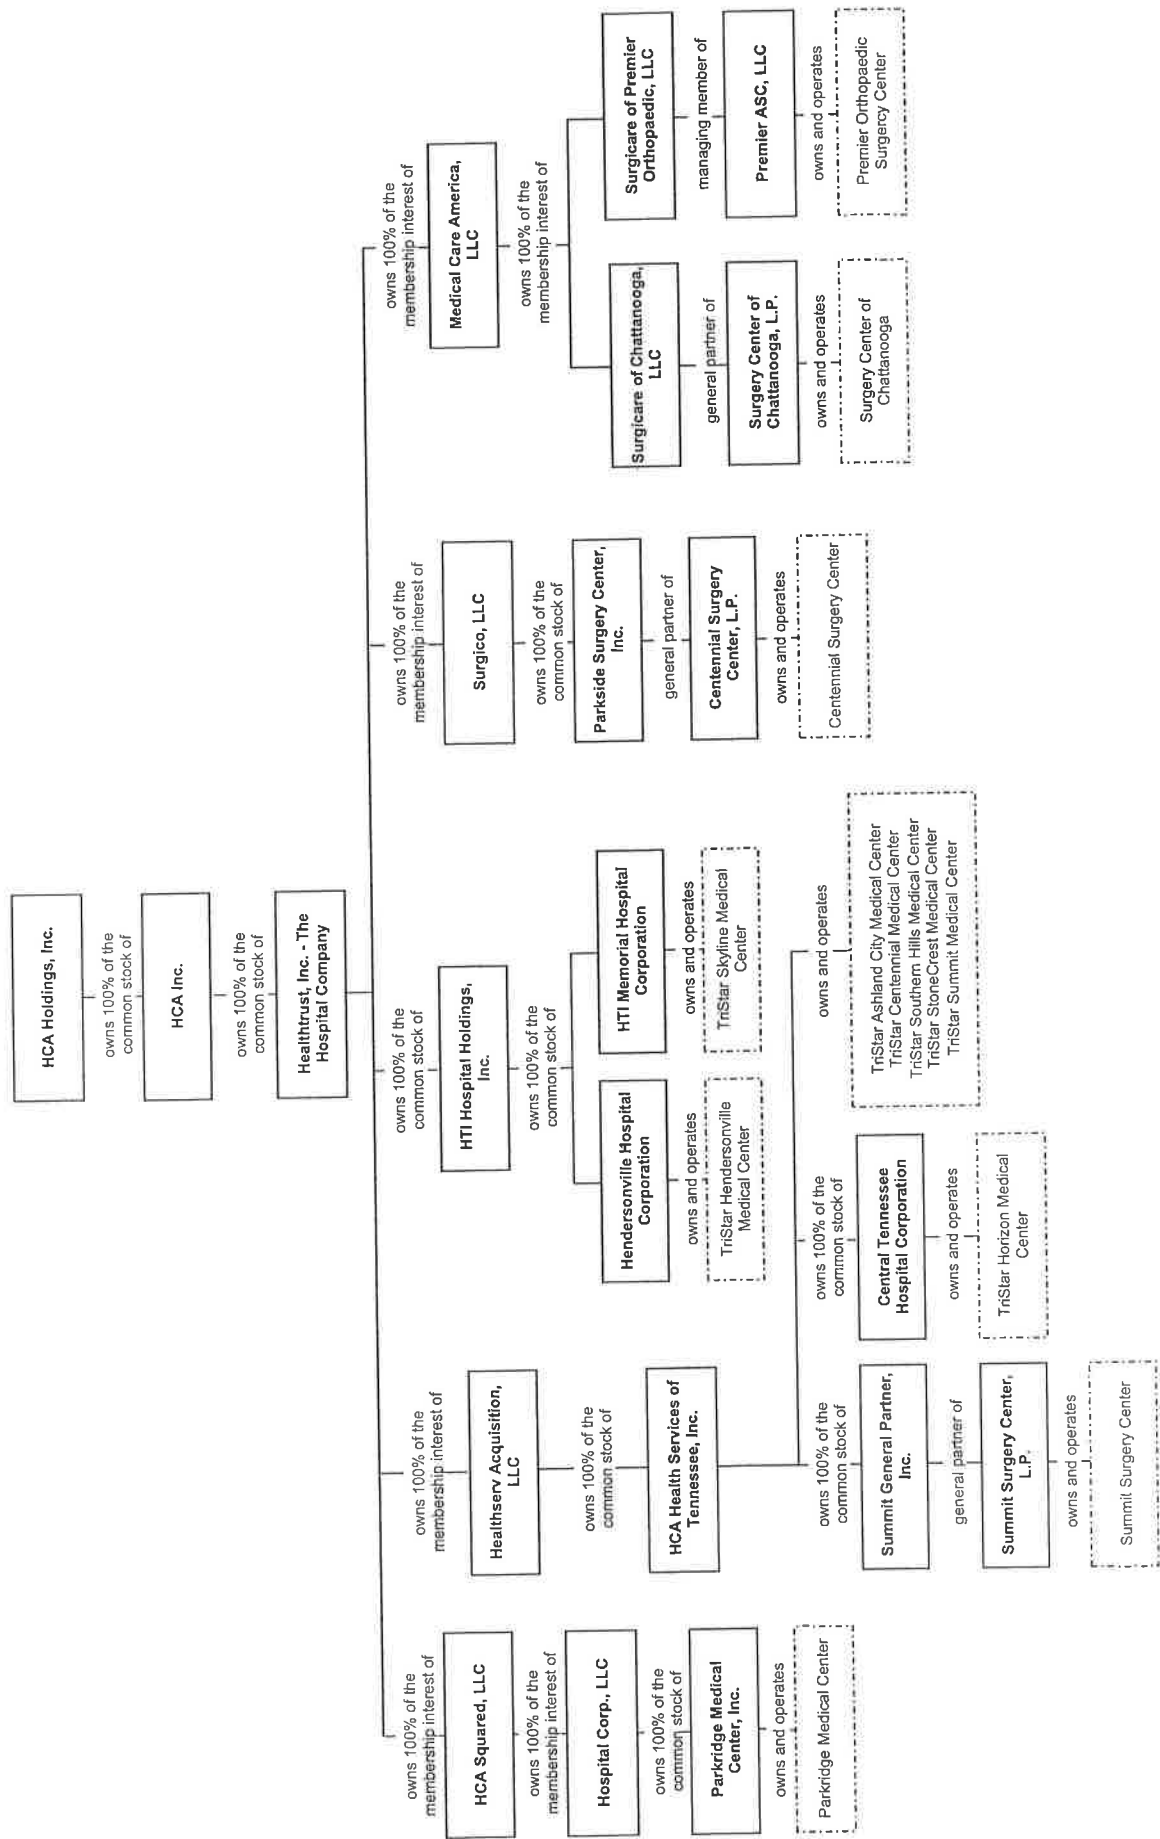

(c) This corporation shall have the right and power to purchase and hold shares of its capital stock; provided, however, that such purchase, whether direct or indirect, shall be made only to the extent of unreserved and unrestricted capital surplus.

SPECIAL WARRANTY DEED

BOOK 8120 PAGE 220

FOR AND IN CONSIDERATION of the sum of Ten and No/100 Dollars (\$10.00), cash in hand paid, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, SOVRAN BANK/CENTRAL SOUTH (herein referred to as "Grantor") has this day bargained and sold and, by these presents, does hereby transfer and convey unto HCA HEALTH SERVICES OF TENNESSEE, INC. (herein referred to as "Grantee"), its successors and assigns, forever, the following described tract or parcel of land located in Davidson County, Tennessee, to-wit:

Being a tract of land lying in the 14th Councilmanic District of Nashville, Davidson County, Tennessee and being more particularly described as follows:

Beginning at a point, said point being South 10 deg. 13' 00" West 270.93 feet from a concrete monument in the westerly right-of-way of Old Hickory Boulevard and being at the southeast corner of the Constructors, Inc. property as of record in Deed Book 5777, page 846, Register's Office for Davidson County, Tennessee; thence with the southerly line of said Constructors, Inc. North 83 deg. 04' 50" West 265.20 feet to the TRUE POINT OF BEGINNING; thence leaving the southerly line of Constructors, Inc. and with a common line between Tennessee Department of Transportation property as of record in Deed Book 7687, Page 344, Register's Office for Davidson County, Tennessee and Northwest Quadrant South 14 deg. 47' 23" West 237.28 feet to a point; thence South 07 deg. 15' 09" West 406.92 feet to a point; thence South 05 deg. 34' 56" West 361.65 feet to a point on the northerly right-of-way of Central Pike; thence with a curve to the right having a radius of 2822.79 feet an arc length of 56.69 feet and a chord bearing and distance of South 89 deg. 59' 15" West 56.69 feet to a point; thence North 00 deg. 33' 46" East 3.00 feet to a point; thence with a curve to the right having a radius of 2819.79 feet an arc length of 147.30 feet and a chord bearing and distance of North 87 deg. 56' 26" West 147.28 feet to a point; thence South 03 deg. 33' 21" West 3.00 feet to a point; thence North 86 deg. 26' 39" West 377.82 feet to a point; thence South 03 deg. 33' 21" West 7.00 feet to point; thence North 86 deg. 26' 39" West 99.99 feet to a point; thence with a curve to the right having a radius of 5694.58 feet an arc length of 447.25 feet and a chord bearing and distance of North 84 deg. 11' 39" West 447.14 feet to a point; thence North 81 deg. 56' 39" West 107.70 feet to a point; said point being the southeast corner of the Hermitage Meadows Property as recorded in Book 5200, page 507, Register's Office for Davidson County, Tennessee,

thence with the easterly line of said Hermitage Meadows North 21 deg. 10' 58" West 104.67 feet to an iron rod; thence North 13 deg. 30' 36" West 282.01 feet to a concrete monument; thence North 03 deg. 20' 47" East 709.19 feet to an iron rod; thence with the southerly line of Constructors, Inc. property South 83 deg. 04' 50" East 1452.84 feet to the point of beginning and containing 33.01 acres, more or less.

Being a portion of the same property conveyed to Sovran Bank/Central South, a Tennessee Banking corp. by deed from Marshall L. Hix, Substitute Trustee, of record in Book 8089, page 286, in Register's Office for Davidson County, Tennessee.

TO HAVE AND TO HOLD said tract or parcel of land together with all the improvements thereon and the appurtenances thereunto belonging unto the said Grantee, its successors and assigns, in fee simple, forever.

GRANTOR COVENANTS with the said Grantee that it is lawfully seized and possessed of said property, that it has a good and lawful right to sell and convey the same, and that it is free from any lien or encumbrance whatsoever, except for applicable zoning and building regulations, all visible easements, restrictions and limitations of record, and 1990 real estate taxes, which are to be prorated.

GRANTOR FURTHER COVENANTS with the said Grantee and binds itself, its successors and assigns, to warrant and forever defend the title thereto of said tract or parcel of land to the said Grantee, its successors and assigns, against the lawful claims and demands of all persons whomsoever.

ALL warranties of Grantor herein contained are expressly limited to those persons or parties claiming by, through or under Grantor.

WITNESS this the 30th day of May, 1990.

**Hermitage, Tennessee**  
**GS&P Project No. 29963.00 / 0.1**

Gresham, Smith and Partners, Inc., an architectural/engineering firm in Nashville, Tennessee, has reviewed the cost data provided by HCA for the above-referenced project, for which this firm has provided a preliminary design. The stated renovated construction cost for this 4,406 SF area is \$1,161,133. [In providing options of probable construction cost, the Client understands that the Consultant has no control over the cost or availability of labor, equipment or materials, or over market conditions or the Contractor's method of pricing, and that the Consultant's options of probable construction costs are made on the basis of the Consultant's professional judgment and experience. The Consultant makes no warrant, express or implied, that the bids or the negotiated cost of the Work will not vary from the Consultant's opinion of probable construction cost.]

It is our opinion that at this time, the projected renovated construction cost is reasonable for this type and size of project and compares appropriately with similar projects in this market.

The building codes applicable to this project will be:

International Building Code, 2006  
NFPA 101 Life Safety Code, 2006  
FGI Guidelines for Design & Construction of Healthcare Facilities, 2010  
ANSI-117.1, 2003

RE: Summit Medical Center CON Application for Eight Medical-Surgical Beds

Dear Mrs. Hill:

TriStar Summit Medical Center is applying for a Certificate of Need to add eight medical-surgical beds in an existing wing built for that purpose, on its seventh floor.

As Controller of the TriStar Health System, the HCA Division Office to which this facility belongs, I am writing to confirm that HCA Holdings, Inc. will provide through TriStar the approximately \$1,813,000 in capital costs required to implement this project. HCA Holdings, Inc.'s financial statements are provided in the application.

Sincerely,

Bryan Shepherd  
Controller  
TriStar Division of HCA

Net income attributable to HCA Holdings, Inc., excluding losses (gains) on sales of facilities, loss on retirement of debt and legal claim costs, and Adjusted EBITDA should not be considered as measures of financial performance under generally accepted accounting principles ("GAAP"). We believe net income attributable to HCA Holdings, Inc., excluding losses (gains) on sales of facilities, loss on retirement of debt and legal claim costs, and Adjusted EBITDA are important measures that supplement discussions (a) and analysis of our results of operations. We believe it is useful to investors to provide disclosures of our results of operations on the same basis used by management. Management relies upon net income attributable to HCA Holdings, Inc., excluding losses (gains) on sales of facilities, loss on retirement of debt and legal claim costs, and Adjusted EBITDA as the primary measures to review and assess operating performance of its hospital facilities and their management teams.

Management and investors review both the overall performance (including net income attributable to HCA Holdings, Inc.) and operating performance (Adjusted EBITDA) of our health care facilities. Adjusted EBITDA and the Adjusted EBITDA margin (Adjusted EBITDA divided by revenues) are utilized by management and investors to compare our current operating results with the corresponding periods during the previous year and to compare our operating results with other companies in the health care industry. It is reasonable to expect that losses (gains) on sales of facilities and losses on retirement of debt will occur in future periods, but the amounts recognized can vary significantly from period to period, do not directly relate to the ongoing operations of our health care facilities and complicate period comparisons of our results of operations and operations comparisons with other health care companies.

Net income attributable to HCA Holdings, Inc., excluding losses (gains) on sales of facilities, loss on retirement of debt and legal claim costs, and Adjusted EBITDA are not measures of financial performance under GAAP and should not be considered as alternatives to net income attributable to HCA Holdings, Inc. as a measure of operating performance or cash flows from operating, investing and financing activities as a measure of liquidity. Because net income attributable to HCA Holdings, Inc., excluding losses (gains) on sales of facilities, loss on retirement of debt and legal claim costs, and Adjusted EBITDA are not measurements determined in accordance with GAAP and are susceptible to varying calculations, net income attributable to HCA Holdings, Inc., excluding losses (gains) on sales of facilities, loss on retirement of debt and legal claim costs, and Adjusted EBITDA, as presented, may not be comparable to other similarly titled measures presented by other companies.

Hermitage, TN 37076

Joint Commission ID #: 7806  
Program: Hospital Accreditation  
Accreditation Activity: Measure of Success  
Accreditation Activity Completed: 01/02/2013

Dear Mr. Whitehorn:

The Joint Commission would like to thank your organization for participating in the accreditation process. This process is designed to help your organization continuously provide safe, high-quality care, treatment, and services by identifying opportunities for improvement in your processes and helping you follow through on and implement these improvements. We encourage you to use the accreditation process as a continuous standards compliance and operational improvement tool.

The Joint Commission is granting your organization an accreditation decision of Accredited for all services surveyed under the applicable manual(s) noted below:

- Comprehensive Accreditation Manual for Hospitals

This accreditation cycle is effective beginning May 26, 2012. The Joint Commission reserves the right to shorten or lengthen the duration of the cycle; however, the certificate and cycle are customarily valid for up to 36 months.

Please visit Quality Check® on The Joint Commission web site for updated information related to your accreditation decision.

We encourage you to share this accreditation decision with your organization's appropriate staff, leadership, and governing body. You may also want to inform the Centers for Medicare and Medicaid Services (CMS), state or regional regulatory services, and the public you serve of your organization's accreditation decision.

Please be assured that The Joint Commission will keep the report confidential, except as required by law. To ensure that The Joint Commission's information about your organization is always accurate and current, our policy requires that you inform us of any changes in the name or ownership of your organization or the health care services you provide.

Sincerely,

Mark G. Pelletier, RN, MS

Chief Operating Officer

Division of Accreditation and Certification Operations

Summit Medical Center  
5655 Frist Boulevard  
Hermitage, TN 37076

**Organization Identification Number: 7806**

**Evidence of Standards Compliance (45 Day) Submitted: 7/22/2012**

**Program(s)**  
Hospital Accreditation

**Executive Summary**

**Hospital Accreditation :** As a result of the accreditation activity conducted on the above date(s), there were no Requirements for Improvement identified.  
You will have follow-up in the area(s) indicated below:

- Measure of Success (MOS) – A follow-up Measure of Success will occur in four (4) months.

If you have any questions, please do not hesitate to contact your Account Executive.

Thank you for collaborating with The Joint Commission to improve the safety and quality of care provided to patients.

Re: # 7806  
CCN: #440150  
Program: Hospital  
Accreditation Expiration Date: May 26, 2015

Jeff Whitehorn  
Chief Executive Officer  
Summit Medical Center  
5655 Frist Boulevard  
Hermitage, Tennessee 37076

Dear Mr. Whitehorn:

This letter confirms that your May 22, 2012 - May 25, 2012 unannounced full resurvey was conducted for the purposes of assessing compliance with the Medicare conditions for hospitals through The Joint Commission's deemed status survey process.

Based upon the submission of your evidence of standards compliance on July 22, 2012 and August 16, 2012, the areas of deficiency listed below have been removed. The Joint Commission is granting your organization an accreditation decision of Accredited with an effective date of May 26, 2012. We congratulate you on your effective resolution of these deficiencies.

§482.23 Condition of Participation: Nursing Services  
§482.24 Condition of Participation: Medical Record Services  
§482.25 Condition of Participation: Pharmaceutical Services  
§482.41 Condition of Participation: Physical Environment

The Joint Commission is also recommending your organization for continued Medicare certification effective May 26, 2012. Please note that the Centers for Medicare and Medicaid Services (CMS) Regional Office (RO) makes the final determination regarding your Medicare participation and the effective date of participation in accordance with the regulations at 42 CFR 489.13. Your organization is encouraged to share a copy of this Medicare recommendation letter with your State Survey Agency.

This recommendation also applies to the following location(s):

Summit Medical Center  
5655 Frist Blvd., Hermitage, TN, 37076

Summit Imaging  
100 Physicians Way, Ste. 100 & 110, Lebanon, TN, 37087

Summit Outpatient Center  
3901 Central Pike, Hermitage, TN, 37076

[www.jointcommission.org](http://www.jointcommission.org)

**Headquarters**  
One Renaissance Boulevard  
Oakbrook Terrace, IL 60181  
630 792 5000 Voice

We direct your attention to some important Joint Commission policies. First, your Medicare report is publicly accessible as required by the Joint Commission's agreement with the Centers for Medicare and Medicaid Services. Second, Joint Commission policy requires that you inform us of any changes in the name or ownership of your organization, or health care services you provide.

Sincerely,

Mark G. Pelletier, RN, MS  
Chief Operating Officer  
Division of Accreditation and Certification Operations

cc: CMS/Central Office/Survey & Certification Group/Division of Acute Care Services  
CMS/Regional Office 4 /Survey and Certification Staff

July 23, 2012

Jeff Whitehorn  
Chief Executive Officer  
Summit Medical Center  
5655 Frist Boulevard  
Hermitage, TN 37076

Joint Commission ID #: 7806  
Program: Hospital Accreditation  
Accreditation Activity: 45-day Evidence of  
Standards Compliance  
Accreditation Activity Completed:  
07/23/2012

Dear Mr. Whitehorn:

The Joint Commission would like to thank your organization for participating in the accreditation process. This process is designed to help your organization continuously provide safe, high - quality care, treatment, and services by identifying opportunities for improvement in your processes and helping you follow through on and implement these improvements. We encourage you to use the accreditation process as a continuous standards compliance and operational improvement tool.

With that goal in mind, your organization received Requirement(s) for Improvement during its recent survey. These requirements have been summarized in the Accreditation Report provided by the survey team that visited your organization.

Please be assured that The Joint Commission will keep the report confidential, except as required by law. To ensure that The Joint Commission's information about your organization is always accurate and current, our policy requires that you inform us of any changes in the name or ownership of your organization or the health care services you provide.

Please visit [Quality Check®](#) on The Joint Commission web site for updated information related to your accreditation decision.

Sincerely,

Mark G. Pelletier, RN, MS  
Chief Operating Officer  
Division of Accreditation and Certification Operations

Summit Medical Center

**Program(s)**

Hospital Accreditation

**Survey Date(s)**

05/22/2012-05/25/2012

**Executive Summary**

As a result of the survey conducted on the above date(s), the following survey findings have been identified. Your official report will be posted to your organization's confidential extranet site. It will contain specific follow-up instructions regarding your survey findings.

If you have any questions, please do not hesitate to contact your Account Executive.

Thank you for collaborating with The Joint Commission to improve the safety and quality of care provided to patients.

## The Joint Commission Summary of Findings

### DIRECT Impact Standards:

<b>Program:</b>	Hospital Accreditation Program	
<b>Standards:</b>	EC.02.05.07	EP6
	MM.04.01.01	EP13
	MM.05.01.01	EP8
	NPSG.03.04.01	EP2

### INDIRECT Impact Standards:

<b>Program:</b>	Hospital Accreditation Program	
<b>Standards:</b>	EC.02.02.01	EP11
	EC.02.03.01	EP10
	EC.02.05.01	EP4
	EC.02.05.09	EP3
	EC.02.06.01	EP13
	LS.02.01.20	EP29
	LS.02.01.50	EP12
	MM.03.01.01	EP3,EP6
	RC.01.01.01	EP19
	RI.01.03.01	EP5

## The Joint Commission Summary of CMS Findings

**CoP:** §482.23      **Tag:** A-0385      **Deficiency:** Standard

**Corresponds to:** HAP

**Text:** §482.23 Condition of Participation: Nursing Services

The hospital must have an organized nursing service that provides 24-hour nursing services. The nursing services must be furnished or supervised by a registered nurse.

CoP Standard	Tag	Corresponds to	Deficiency
§482.23(c)(2)	A-0406	HAP - MM.04.01.01/EP13	Standard

**CoP:** §482.24      **Tag:** A-0431      **Deficiency:** Standard

**Corresponds to:** HAP

**Text:** §482.24 Condition of Participation: Medical Record Services

The hospital must have a medical record service that has administrative responsibility for medical records. A medical record must be maintained for every individual evaluated or treated in the hospital.

CoP Standard	Tag	Corresponds to	Deficiency
§482.24(c)(1)	A-0450	HAP - RC.01.01.01/EP19	Standard
§482.24(c)(2)(v)	A-0466	HAP - RI.01.03.01/EP5	Standard

**CoP:** §482.25      **Tag:** A-0490      **Deficiency:** Standard

**Corresponds to:** HAP

**Text:** §482.25 Condition of Participation: Pharmaceutical Services

The hospital must have pharmaceutical services that meet the needs of the patients. The institution must have a pharmacy directed by a registered pharmacist or a drug storage area under competent supervision. The medical staff is responsible for developing policies and procedures that minimize drug errors. This function may be delegated to the hospital's organized pharmaceutical service.

CoP Standard	Tag	Corresponds to	Deficiency
§482.25(b)(2)(i)	A-0502	HAP - MM.03.01.01/EP6, EP3	Standard

**CoP:** §482.41      **Tag:** A-0700      **Deficiency:** Standard

**Corresponds to:** HAP

**Text:** §482.41 Condition of Participation: Physical Environment

The hospital must be constructed, arranged, and maintained to ensure the safety of the patient, and to provide facilities for diagnosis and treatment and for special hospital services appropriate to the needs of the community.

**The Joint Commission  
Summary of CMS Findings**

CoP Standard	Tag	Corresponds to	Deficiency
§482.41(c)(2)	A-0724	HAP - EC.02.05.07/EP6	Standard

## The Joint Commission Findings

**Chapter:** Environment of Care  
**Program:** Hospital Accreditation  
**Standard:** EC.02.02.01

**Standard Text:** The hospital manages risks related to hazardous materials and waste.

**Primary Priority Focus Area:** Physical Environment

**Element(s) of Performance:**

11. For managing hazardous materials and waste, the hospital has the permits, licenses, manifests, and material safety data sheets required by law and regulation.

**Scoring Category :**A

**Score :** Insufficient Compliance

**Observation(s):**

EP 11

Observed in Environment of Care Session at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site. There was no written documentation that the individual, that had signed the generator's certification on the uniform hazardous waste manifest for pharmaceutical waste, had received US Department of Transportation training for the safe packaging and transportation of hazardous materials.

---

**Chapter:** Environment of Care  
**Program:** Hospital Accreditation  
**Standard:** EC.02.03.01  
**Standard Text:** The hospital manages fire risks.  
**Primary Priority Focus Area:** Physical Environment

**Element(s) of Performance:**

10. The written fire response plan describes the specific roles of staff and licensed independent practitioners at and away from a fire's point of origin, including when and how to sound fire alarms, how to contain smoke and fire, how to use a fire extinguisher, and how to evacuate to areas of refuge. (See also EC.02.03.03, EP 5; EC.03.01.01, EP 2; and HR.01.04.01, EP 2)

Note: For additional guidance, see NFPA 101, 2000 edition (Sections 18/19.7.1 and 18/19.7.2).

**Scoring Category :**A

**Score :** Insufficient Compliance

**Observation(s):**

EP 10

Observed in Environment of Care Session at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site. The written fire response plan did not describe how to use a fire extinguisher.

---

**Chapter:** Environment of Care  
**Program:** Hospital Accreditation

## The Joint Commission Findings

**Standard:** EC.02.05.01

**Standard Text:** The hospital manages risks associated with its utility systems.

**Primary Priority Focus Area:** Physical Environment

**Element(s) of Performance:**

4. The hospital identifies, in writing, the intervals for inspecting, testing, and maintaining all operating components of the utility systems on the inventory, based on criteria such as manufacturers' recommendations, risk levels, or hospital experience.  
(See also EC.02.05.05, EPs 3-5)

**Scoring Category :**A

**Score :** Insufficient Compliance

**Observation(s):**

EP 4

Observed in Environment of Care Session at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site. There was documentation that the hospital had identified, in writing, the interval for inspecting, testing, and maintaining the air handling equipment for air exchange rates and air pressure relationships in those areas requiring specific air exchange rates and pressure relationships as annually. However, air exchange rates had not been verified since 2008.

---

**Chapter:** Environment of Care

**Program:** Hospital Accreditation

**Standard:** EC.02.05.07

**Standard Text:** The hospital inspects, tests, and maintains emergency power systems.  
Note: This standard does not require hospitals to have the types of emergency power equipment discussed below. However, if these types of equipment exist within the building, then the following maintenance, testing, and inspection requirements apply.

**Primary Priority Focus Area:** Physical Environment

**Element(s) of Performance:**

6. Twelve times a year, at intervals of not less than 20 days and not more than 40 days, the hospital tests all automatic transfer switches. The completion date of the tests is documented.

**Scoring Category :**A

**Score :** Insufficient Compliance

**Observation(s):**

EP 6

§482.41(c)(2) - (A-0724) - (2) Facilities, supplies, and equipment must be maintained to ensure an acceptable level of safety and quality.

This Standard is NOT MET as evidenced by:

Observed in Document Review at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

There was no written documentation that the transfer switch, that serves the fire pump, had been tested monthly. It had not been part of the monthly generator load test. It did not appear on the list of automatic transfer switches on the monthly generator test form.

## The Joint Commission Findings

**Chapter:** Environment of Care  
**Program:** Hospital Accreditation  
**Standard:** EC.02.05.09

**Standard Text:** The hospital inspects, tests, and maintains medical gas and vacuum systems.  
Note: This standard does not require hospitals to have the medical gas and vacuum systems discussed below. However, if a hospital has these types of systems, then the following inspection, testing, and maintenance requirements apply.

**Primary Priority Focus Area:** Physical Environment

**Element(s) of Performance:**

3. The hospital makes main supply valves and area shutoff valves for piped medical gas and vacuum systems accessible and clearly identifies what the valves control.

**Scoring Category :** A

**Score :** Insufficient Compliance

**Observation(s):**

EP 3

Observed in Building Tour at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site.

The main supply valves for oxygen, nitrogen, nitrous oxide, and vacuum were not labeled to identify what the valves controlled. The valves were labeled during the survey.

---

**Chapter:** Environment of Care  
**Program:** Hospital Accreditation  
**Standard:** EC.02.06.01

**Standard Text:** The hospital establishes and maintains a safe, functional environment.  
Note: The environment is constructed, arranged, and maintained to foster patient safety, provide facilities for diagnosis and treatment, and provide for special services appropriate to the needs of the community.

**Primary Priority Focus Area:** Physical Environment

**Element(s) of Performance:**

13. The hospital maintains ventilation, temperature, and humidity levels suitable for the care, treatment, and services provided.

**Scoring Category :** A

**Score :** Insufficient Compliance

**Observation(s):**

EP 13

§482.41(c)(4) - (A-0726) - (4) There must be proper ventilation, light, and temperature controls in pharmaceutical, food preparation, and other appropriate areas.

This Standard is NOT MET as evidenced by:

Observed in Document Review at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

The 2008 ventilation study indicated that Delivery rooms one and two did not meet minimum air exchange rates. There was no documentation that the deficiency had been corrected.

---

## The Joint Commission Findings

**Chapter:** Life Safety  
**Program:** Hospital Accreditation  
**Standard:** LS.02.01.20  
**Standard Text:** The hospital maintains the integrity of the means of egress.  
**Primary Priority Focus Area:** Physical Environment  
**Element(s) of Performance:**

29. Stairs serving five or more stories have signs on each floor landing in the stairwell that identify the story, the stairwell, the top and bottom, and the direction to and story of exit discharge. The signs are placed 5 feet above the floor landing in a position that is easily visible when the door is open or closed. (For full text and any exceptions, refer to NFPA 101-2000: 7.2.2.5.4)

**Scoring Category :** C  
**Score :** Insufficient Compliance

### Observation(s):

EP 29

§482.41(b)(1)(i) - (A-0710) - (i) The hospital must meet the applicable provisions of the 2000 edition of the Life Safety Code of the National Fire Protection Association. The Director of the Office of the Federal Register has approved the NFPA 101@2000 edition of the Life Safety Code, issued January 14, 2000, for incorporation by reference in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. A copy of the Code is available for inspection at the CMS Information Resource Center, 7500 Security Boulevard, Baltimore, MD or at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: [http://www.archives.gov/federal\\_register/code\\_of\\_federal\\_regulations/ibr\\_locations.html](http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html).

Copies may be obtained from the National Fire Protection Association, 1 Batterymarch Park, Quincy, MA 02269. If any changes in this edition of the Code are incorporated by reference, CMS will publish notice in the Federal Register to announce the changes.

This Standard is NOT MET as evidenced by:

Observed in Building Tour at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

Signs on each floor landing, in the North stairwell, did not identify the top and bottom and the story of exit discharge.

Observed in Building Tour at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

Signs on each floor landing, in the South stairwell, did not identify the top and bottom and the story of exit discharge.

Observed in Building Tour at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

Signs on each floor landing, in the East stairwell, did not identify the top and bottom and the story of exit discharge.

Observed in Building Tour at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

Signs on each floor landing, in the West stairwell, did not identify the top and bottom and the story of exit discharge.

---

**Chapter:** Life Safety  
**Program:** Hospital Accreditation  
**Standard:** LS.02.01.50  
**Standard Text:** The hospital provides and maintains building services to protect individuals from the hazards of fire and smoke.

## The Joint Commission Findings

**Primary Priority Focus Area:** Physical Environment

**Element(s) of Performance:**

12. The hospital meets all other Life Safety Code building service requirements related to NFPA 101-2000: 18/19.5.

**Scoring Category :** C

**Score :** Insufficient Compliance

**Observation(s):**

EP 12

§482.41(b)(1)(i) - (A-0710) - (i) The hospital must meet the applicable provisions of the 2000 edition of the Life Safety Code of the National Fire Protection Association. The Director of the Office of the Federal Register has approved the NFPA 101®2000 edition of the Life Safety Code, issued January 14, 2000, for incorporation by reference in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. A copy of the Code is available for inspection at the CMS Information Resource Center, 7500 Security Boulevard, Baltimore, MD or at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: [http://www.archives.gov/federal\\_register/code\\_of\\_federal\\_regulations/ibr\\_locations.html](http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html).

Copies may be obtained from the National Fire Protection Association, 1 Batterymarch Park, Quincy, MA 02269. If any changes in this edition of the Code are incorporated by reference, CMS will publish notice in the Federal Register to announce the changes.

This Standard is NOT MET as evidenced by:

Observed in Document Review at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

There was no written documentation that all elevators equipped with fire fighter service had a monthly operation test, in February 2012, with a written record of the findings made and kept on the premises as required by NFPA 101-19.5.3 and NFPA 101 - 9.4.6.

Observed in Document Review at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

There was no written documentation that all elevators equipped with fire fighter service had a monthly operation test, in March 2012, with a written record of the findings made and kept on the premises as required by NFPA 101-19.5.3 and NFPA 101 - 9.4.6.

Observed in Document Review at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

There was no written documentation that all elevators equipped with fire fighter service had a monthly operation test, in April 2012, with a written record of the findings made and kept on the premises as required by NFPA 101-19.5.3 and NFPA 101 - 9.4.6.

---

<b>Chapter:</b>	Medication Management
<b>Program:</b>	Hospital Accreditation
<b>Standard:</b>	MM.03.01.01
<b>Standard Text:</b>	The hospital safely stores medications.
<b>Primary Priority Focus Area:</b>	Medication Management

## The Joint Commission Findings

### Element(s) of Performance:

3. The hospital stores all medications and biologicals, including controlled (scheduled) medications, in a secured area to prevent diversion, and locked when necessary, in accordance with law and regulation.

Note: Scheduled medications include those listed in Schedules II–V of the Comprehensive Drug Abuse Prevention and Control Act of 1970.

### Scoring Category :A

Score : Insufficient Compliance

6. The hospital prevents unauthorized individuals from obtaining medications in accordance with its policy and law and regulation.

### Scoring Category :A

Score : Insufficient Compliance

### Observation(s):

#### EP 3

§482.25(b)(2)(i) - (A-0502) - (2)(i) All drugs and biologicals must be kept in a secure area, and locked when appropriate. This Standard is NOT MET as evidenced by:

Observed in Individual Tracer at Summit Outpatient Center (3901 Central Pike, Hermitage, TN) site for the Hospital deemed service.

Oral contrast (Readi-Cat) was stored in an unlocked refrigerator in the control area of the CT and MRI suite. On the weekends when the area was closed, the temperature of the refrigerator was not monitored to ensure that the contrast was stored according to manufacturer's recommendations. During the survey a lock was put on the refrigerator.

#### EP 6

§482.25(b)(2)(i) - (A-0502) - (2)(i) All drugs and biologicals must be kept in a secure area, and locked when appropriate. This Standard is NOT MET as evidenced by:

Observed in Tracer Activities at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

The hospital's policy for the disposal of used duragesic patches required that the disposal be witnessed and documented by a second nurse. However, the patches were disposed of in a 16 gallon sharps container with an opening that would allow someone to reach in and remove the patch. The sharps containers were located in the soiled utility room that was locked, but accessible to other personnel including non-licensed personnel. The documentation of the disposal by two nurses was done in the pyxis machine located in another room on the unit. This method of disposal increased the potential risk of diversion after the patch was discarded.

<b>Chapter:</b>	Medication Management
<b>Program:</b>	Hospital Accreditation
<b>Standard:</b>	MM.04.01.01
<b>Standard Text:</b>	Medication orders are clear and accurate.
<b>Primary Priority Focus Area:</b>	Medication Management

## The Joint Commission Findings

### Element(s) of Performance:

13. The hospital implements its policies for medication orders.

### Scoring Category :C

Score : Insufficient Compliance

### Observation(s):

EP 13

§482.23(c)(2) - (A-0406) - (2) With the exception of influenza and pneumococcal polysaccharide vaccines, which may be administered per physician-approved hospital policy after an assessment of contraindications, orders for drugs and biologicals must be documented and signed by a practitioner who is authorized to write orders by hospital policy and in accordance with State law, and who is responsible for the care of the patient as specified under §482.12(c).

This Standard is NOT MET as evidenced by:

Observed in Individual Tracer at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

An order was written for a propofol sedation drip for a 78 year old patient who was placed on a ventilator. The order did not include the RASS goal for the sedation as required by hospital policy.

Observed in Individual Tracer at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

A 52 year old male admitted with diabetes received two units of Humalog insulin and there was no documentation in the record that the medication was double checked by a second RN as required by hospital policy.

Observed in Medication Management Tracer at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site.

During a high risk drug tracer, a patient was noted to have heparin protocol orders to increase the heparin drip if the PTT decreased to less than 46. The patient's PTT decreased to 38 on 5/20/2012 and heparin drip was not adjusted as required by protocol.

---

**Chapter:** Medication Management

**Program:** Hospital Accreditation

**Standard:** MM.05.01.01

**Standard Text:** A pharmacist reviews the appropriateness of all medication orders for medications to be dispensed in the hospital.

**Primary Priority Focus Area:** Medication Management

### Element(s) of Performance:

8. All medication orders are reviewed for the following: Therapeutic duplication.

### Scoring Category :C

Score : Partial Compliance

### Observation(s):

## The Joint Commission Findings

### EP 8

Observed in Individual Tracer at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site.  
On a post c/section patient the anesthesiologist ordered on a preprinted order sheet three prn medications for nausea: Zofran, Reglan, and a Scopolamine patch. The order did not specify which medication to give for a specific circumstance. It was not clear as to which medication(s) the nurse should give or in which order.

Observed in Individual Tracer at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site.  
A second patient on 5th Surgical Floor was noted to have prn orders for both Zofran and Reglan for post-operative nausea with no indication of which drug to give or whether to give both drugs simultaneously. The orders were not clarified for therapeutic duplication.

---

**Chapter:** National Patient Safety Goals  
**Program:** Hospital Accreditation  
**Standard:** NPSG.03.04.01  
**Standard Text:** Label all medications, medication containers, and other solutions on and off the sterile field in perioperative and other procedural settings.  
Note: Medication containers include syringes, medicine cups, and basins.

**Primary Priority Focus Area:** Medication Management

**Element(s) of Performance:**

2. In perioperative and other procedural settings both on and off the sterile field, labeling occurs when any medication or solution is transferred from the original packaging to another container.

**Scoring Category :A**

**Score :** Insufficient Compliance

**Observation(s):**

### EP 2

Observed in Medication Management Tracer at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site.  
During the Medication Management Tracer in the pharmacy, seven unlabeled syringes containing medications were noted to be unattended under the hood used for the preparation of TPN. Each syringe was carefully lined up next to a vial of medication. The medications were not labeled when they were drawn-up as required by regulation.

**Chapter:** Record of Care, Treatment, and Services  
**Program:** Hospital Accreditation  
**Standard:** RC.01.01.01  
**Standard Text:** The hospital maintains complete and accurate medical records for each individual patient.

**Primary Priority Focus Area:** Information Management

**Element(s) of Performance:**

19. For hospitals that use Joint Commission accreditation for deemed status purposes:  
All entries in the medical record, including all orders, are timed.

**Scoring Category :C**

**Score :** Insufficient Compliance

**Observation(s):**

## The Joint Commission Findings

EP 19

§482.24(c)(1) - (A-0450) - (1) All patient medical record entries must be legible, complete, dated, timed, and authenticated in written or electronic form by the person responsible for providing or evaluating the service provided, consistent with hospital policies and procedures.

This Standard is NOT MET as evidenced by:

Observed in Individual Tracer at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

A progress note written on a 56 year old patient admitted with fluid overload, shortness of breath and hypertension was not dated or timed by the physician as required by hospital policy.

Observed in Individual Tracer at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

A telephone order was authenticated without a date and time as required by CMS on a 56 year old male patient.

Observed in Individual Tracer at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

The immediate post procedure note for a 78 year old patient who had a incision and drainage of an infected finger was not timed as required by hospital policy.

Observed in Individual Tracer at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

The post procedure note for the placement of a vascatheter for dialysis access was not timed as required by hospital policy.

Observed in Individual Tracer at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

Several entries, eg treatment plan, initial evaluation, in the outpatient rehab charts were not timed as required by the hospital policy.

Observed in Individual Tracer at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

Medication reconciliation orders were not dated or timed by the ordering physician on an obstetrical patient.

<b>Chapter:</b>	Rights and Responsibilities of the Individual
<b>Program:</b>	Hospital Accreditation
<b>Standard:</b>	RI.01.03.01
<b>Standard Text:</b>	The hospital honors the patient's right to give or withhold informed consent.
<b>Primary Priority Focus Area:</b>	Rights & Ethics
<b>Element(s) of Performance:</b>	

5. The hospital's written policy describes how informed consent is documented in the patient record.

Note: Documentation may be recorded in a form, in progress notes, or elsewhere in the record.

**Scoring Category :**A

**Score :** Insufficient Compliance

**Observation(s):**

## **The Joint Commission Findings**

EP 5

§482.24(c)(2)(v) - (A-0466) - [All records must document the following, as appropriate:]

(v) Properly executed informed consent forms for procedures and treatments specified by the medical staff, or by Federal or State law if applicable, to require written patient consent.

This Standard is NOT MET as evidenced by:

Observed in Individual Tracer at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site for the Hospital deemed service.

Hospital Informed Consent/Consent for Treatment policy does not describe how informed consent is documented in the medical record.

---

# The Joint Commission

## ***Patient-Centered Communication Standards***

The Joint Commission recognizes that hospitals may require additional time to meet the requirements of the new and revised patient-centered communication standards. As such, the Joint Commission is providing a free monograph, *Advancing Effective Communication, Cultural Competence, and Patient- and Family-Centered care: A Roadmap for Hospitals*, on its website, [jointcommission.org/patientsafety/hlc](http://jointcommission.org/patientsafety/hlc) to inspire hospitals to integrate concepts from the communication, cultural competence, and patient- and family-centered care fields into their organizations. Throughout 2011, although surveyors will evaluate compliance with these requirements, they will not generate a requirement for improvement and/or affect an organization's accreditation decision.

**Chapter:** Provision of Care, Treatment, and Services

**Program:** Hospital Accreditation

**Standard:** PC.02.01.21

**Standard Text:** The hospital effectively communicates with patients when providing care, treatment, and services.  
Note: This standard will not affect the accreditation decision at this time.

**Primary Priority Focus Area:** Information Management

### **Element(s) of Performance:**

1. The hospital identifies the patient's oral and written communication needs, including the patient's preferred language for discussing health care. (See also RC.02.01.01, EP )  
1)

Note 1: Examples of communication needs include the need for personal devices such as hearing aids or glasses, language interpreters, communication boards, and translated or plain language materials.

Note 2: This element of performance will not affect the accreditation decision at this time.

### **Scoring Category :A**

**Score :** Insufficient Compliance

### **Observation(s):**

EP 1

Observed in Individual Tracer at Summit Medical Center (5655 Frist Blvd., Hermitage, TN) site.

The hospital documents the patient's primary language rather than the patient's preferred language for receiving or discussing health care information.

Jeffrey Whitehorn, Administrator  
Summit Medical Center  
5655 Frist Blvd  
Hermitage, TN 37076

Dear Mr. Whitehorn:

Enclosed is the statement of deficiencies developed as the result of the revisit on the state licensure survey of Summit Medical Center on November 30, 2006.

Please provide us with documentation to describe how and when these deficiencies will be corrected. This information should be received in our office within ten (10) calendar days after receipt of this letter. It is imperative that you assure correction of the cited deficiencies no later than sixty (60) days from the date of the initial survey. A follow-up visit may be conducted, if your allegation of correction is reasonable and convincing. Failure to provide an acceptable plan of correction could result in a referral to the Board of Licensing Health Care Facilities for whatever action they deem appropriate.

In order for your Plan of Correction (PoC) to be acceptable, it should address the following:

1. How you will correct the deficiency;
2. Who will be responsible for correcting the deficiency;
3. The date the deficiency will be corrected; and
4. How you will prevent the same deficiency from happening again.

Should you have any questions, or if there is any way this office may be of assistance, please do not hesitate to call.

Sincerely,

A handwritten signature in cursive script that reads "Nina Monroe". The signature is fluid and elegant, with the first name "Nina" and last name "Monroe" clearly distinguishable.

Nina Monroe, Regional Administrator

Dear Ms. Monroe:

Attached you will find our responses to the Statement of Deficiencies resulting from your State Licensure Survey of Summit Medical Center on November 30, 2006.

Please note that we are requesting a "Desk Review" of items noted on Statement of Deficiencies form. I have attached documentation and code references highlighted with pertinent information to assist with this review.

If there are any questions, please contact me at 615-316-3645.

Sincerely,

Ted Jones

Division of Health Care Facilities  
STATE FORM

**9.5.3.1.2 Use.** Carts and hand trucks that are intended to be used in anesthetizing locations or cylinder and container storage rooms communicating with anesthetizing locations shall comply with the appropriate provisions of 13.4.1.

**9.5.3.2 Gas Equipment — Laboratory.** Gas appliances shall be of an approved design and installed in accordance with NFPA 54, *National Fuel Gas Code*. Shutoff valves shall be legibly marked to identify the material they control.

## **9.6 Administration.**

### **9.6.1 Policies.**

#### **9.6.1.1 Elimination of Sources of Ignition.**

**9.6.1.1.1** Smoking materials (e.g., matches, cigarettes, lighters, lighter fluid, tobacco in any form) shall be removed from patients receiving respiratory therapy.

**9.6.1.1.2\*** No sources of open flame, including candles, shall be permitted in the area of administration.

**9.6.1.1.3\*** Sparking toys shall not be permitted in any patient care area.

**9.6.1.1.4** Nonmedical appliances that have hot surfaces or sparking mechanisms shall not be permitted within oxygen delivery equipment or within the site of intentional expulsion.

#### **9.6.1.2 Misuse of Flammable Substances.**

**9.6.1.2.1** Flammable or combustible aerosols or vapors, such as alcohol, shall not be administered in oxygen-enriched atmospheres (see B.6.1.11).

**9.6.1.2.2** Oil, grease, or other flammable substances shall not be used on/in oxygen equipment.

**9.6.1.2.3** Flammable and combustible liquids shall not be permitted within the site of intentional expulsion.

#### **9.6.1.3 Servicing and Maintenance of Equipment.**

**9.6.1.3.1** Defective equipment shall be immediately removed from service.

**9.6.1.3.2** Defective electrical apparatus shall not be used.

**9.6.1.3.3** Areas designated for the servicing of oxygen equipment shall be clean, free of oil and grease, and not used for the repair of other equipment.

**9.6.1.3.4** Service manuals, instructions, and procedures provided by the manufacturer shall be used in the maintenance of equipment.

**9.6.1.3.5** A scheduled preventive maintenance program shall be followed.

### **9.6.2 Gases in Cylinders and Liquefied Gases in Containers.**

#### **9.6.2.1 Transfilling Cylinders.**

(A) Mixing of compressed gases in cylinders shall be prohibited.

(B) Transfer of gaseous oxygen from one cylinder to another shall be in accordance with CGA Pamphlet P-2.5, *Transfilling of High-Pressure Gaseous Oxygen to Be Used for Respiration*.

(C) Transfer of any gases from one cylinder to another in patient care areas of health care facilities shall be prohibited.

**9.6.2.2 Transferring Liquid Oxygen.** Transferring of liquid oxygen from one container to another shall be accomplished at a location specifically designated for the transferring that is as follows:

- (1) The area is separated from any portion of a facility wherein patients are housed, examined, or treated by a separation of a fire barrier of 1-hr fire-resistive construction.
- (2) The area is mechanically ventilated, is sprinklered, and has ceramic or concrete flooring.
- (3) The area is posted with signs indicating that transferring is occurring, and that smoking in the immediate area is not permitted.

**9.6.2.2.1** Transferring shall be accomplished utilizing equipment designed to comply with the performance requirements and producers of CGA Pamphlet P-2.6, *Transfilling of Low-Pressure Liquid Oxygen to be Used for Respiration*, and adhering to those procedures.

**9.6.2.2.2** The use and operation of small portable liquid oxygen systems shall comply with the requirements of CGA Pamphlet P-2.7, *Guide for the Safe Storage, Handling and Use of Portable Liquid Oxygen Systems in Health Care Facilities*.

**9.6.2.3 Ambulatory Patients.** Ambulatory patients on oxygen therapy shall be permitted access to all flame and smoke free areas within the health care facility.

### **9.6.3 Use (Including Information and Warning Signs).**

#### **9.6.3.1 Labeling.**

**9.6.3.1.1** Equipment listed for use in oxygen-enriched atmospheres shall be so labeled.

**9.6.3.1.2** Oxygen-metering equipment and pressure-reducing regulators shall be conspicuously labeled:

#### **OXYGEN — USE NO OIL**

**9.6.3.1.3** Flowmeters, pressure-reducing regulators, and oxygen-dispensing apparatus shall be clearly and permanently labeled, designating the gas or mixture of gases for which they are intended.

**9.6.3.1.4** Apparatus whose calibration or function is dependent on gas density shall be labeled as to the proper supply gas gage pressure (psi/kPa) for which it is intended.

**9.6.3.1.5** Oxygen-metering equipment, pressure-reducing regulators, humidifiers, and nebulizers shall be labeled with the name of the manufacturer or supplier.

**9.6.3.1.6** Cylinders and containers shall be labeled in accordance with ANSI/CGA C-7, *Guide to the Preparation for Cautionary Labeling and Marking for Compressed Gas Containers*. Color coding shall not be utilized as a primary method of determining cylinder or container content.

**9.6.3.1.7** All labeling shall be durable and withstand cleansing or disinfection.

#### **9.6.3.2\* Signs.**

**9.6.3.2.1** In health care facilities where smoking is not prohibited, precautionary signs readable from a distance of 1.5 m (5 ft) shall be conspicuously displayed wherever supplemental oxygen is in use and in aisles and walkways leading to that area; they shall be attached to adjacent doorways or to building walls or be supported by other appropriate means.

**9.6.3.2.2** In health care facilities where smoking is prohibited and signs are prominently (strategically) placed at all major entrances, secondary signs with no-smoking language shall not be required.

**9.6.3.2.3** The nonsmoking policies shall be strictly enforced.

<b>MANUAL:</b> Environment of Care	<b>POLICY DESCRIPTION:</b> Smoking
<b>PAGE:</b> 1 of 2	<b>REPLACES POLICY DATED:</b> N/A
<b>APPENDICES:</b> N/A	<b>REVIEWED:</b> June 2006
<b>EFFECTIVE DATE:</b> February 1998	<b>SECTION NUMBER:</b> 1

**PURPOSE:**

To promote good health habits and provide a clean air environment for patients, visitors, employees, volunteers, and the medical staff.

**POLICY:**

There will be no smoking allowed in the interior of Summit Medical Center, its adjacent office buildings or Medical Center-owned vehicles by employees, visitors, patients or the medical staff.

**PROCEDURE:**

## 1. Patients

- A. Patients being admitted to Summit Medical Center will not be allowed to smoke in the interior of Summit Medical Center, its adjacent office buildings or Medical Center owned vehicles. Patients who must smoke must do so in the designated areas established in Section 4.
- B. Patients admitted to the Psychiatric Unit are permitted to smoke, on the smoking porch only when in the opinion of the psychiatrist failure to do so would adversely affect the effectiveness of therapeutic interventions and/or the therapeutic milieu of the patient. A physician's order is required.
- C. If a patient refuses to follow this policy, the patient will be reminded of the policy and it will be documented in the patient's chart in the progress notes. If the patient continues to be non-compliant, the physician will be notified and security will be contacted to witness the removal of smoking materials. Smoking materials will be returned to the patient at discharge.

## 2. Visitors

- A. Visitors will be allowed to smoke only in designated areas exterior to the hospital.
- B. If a visitor is found to be smoking in the interior of the Medical Center, he/she will be informed of Summit Medical Center's smoking policy, politely asked not to smoke inside the building, and directed to the nearest designated area.
- C. If a visitor refuses to cooperate, report the incident to Security for resolution.

## 3. Employees, Volunteers, Physicians and MOB Staff

- A. Employees, volunteers, physicians, and MOB staff will be allowed to smoke only in designated smoking areas outside the facility.

**MANUAL:** Environment of Care**PAGE:** 2 of 2**POLICY DESCRIPTION:** Smoking

- B. Any employee found to be smoking in the interior of the hospital or a non-designated area will be subject to disciplinary action up to and including termination.
- C. Employees should be reminded that they are allowed a thirty minute lunch break. This break may be taken as a time to smoke in the designated areas outside the building, if so chosen by the employee.
- 4. Designated Smoking areas exterior to the Hospital and Medical Office Buildings
  - A. Employees, physicians, and volunteers will be allowed to smoke in the courtyard by the employee entrance and the designated smoking area adjacent to the rear Imaging entrance for employees.
  - B. Patients and visitors will be allowed to smoke at designated areas outside the rear Imaging Entrance, the Visitor and Patient entrance and the Same Day Surgery patio on First Floor.
  - C. Ambulatory Surgery Center designated smoking area is adjacent to the receiving area.

**APPROVALS:**

**A.19.3.5.4** The provisions of 19.3.5.4(6) and 19.3.5.4(7) are not intended to supplant NFPA 13, *Standard for the Installation of Sprinkler Systems*, which requires that residential sprinklers with more than a 5.6°C (10°F) difference in temperature rating not be mixed within a room. Currently there are no additional prohibitions in NFPA 13 on the mixing of sprinklers having different thermal response characteristics. Conversely, there are no design parameters to make practical the mixing of residential and other types of sprinklers.

**A.19.3.5.6** For the proper operation of sprinkler systems, cubicle curtains and sprinkler locations need to be coordinated. Improperly designed systems might obstruct the sprinkler spray from reaching the fire or might shield the heat from the sprinkler. Many options are available to the designer including, but not limited to, hanging the cubicle curtains 46 cm (18 in.) below the sprinkler deflector; using 1.3-cm (½-in.) diagonal mesh or a 70 percent open weave top panel that extends 46 cm (18 in.) below the sprinkler deflector; or designing the system to have a horizontal and minimum vertical distance that meets the requirements of NFPA 13, *Standard for the Installation of Sprinkler Systems*. The test data that forms the basis of the NFPA 13 requirements is from fire tests with sprinkler discharge that penetrated a single privacy curtain.

**A.19.3.6.1(3)** A typical nurses' station would normally contain one or more of the following with associated furniture and furnishings:

- (1) Charting area
- (2) Clerical area
- (3) Nourishment station
- (4) Storage of small amounts of medications, medical equipment and supplies, clerical supplies, and linens
- (5) Patient monitoring and communication equipment

**A.19.3.6.1(6)(b)** A fully developed fire (flashover) occurs if the rate of heat release of the burning materials exceeds the capability of the space to absorb or vent that heat. The ability of common lining (wall, ceiling, and floor) materials to absorb heat is approximately 0.07 kJ per m<sup>2</sup> (0.75 Btu per ft<sup>2</sup>) of lining. The venting capability of open doors or windows is in excess of 1.95 kJ per m<sup>2</sup> (20 Btu per ft<sup>2</sup>) of opening. In a fire that has not reached flashover conditions, fire will spread from one furniture item to another only if the burning item is close to another furniture item. For example, if individual furniture items have heat release rates of 525 kW per second (500 Btu per second) and are separated by 305 mm (12 in.) or more, the fire is not expected to spread from item to item, and flashover is unlikely to occur. (See also the *NFPA Fire Protection Handbook*.)

**A.19.3.6.1(7)** This provision permits waiting areas to be located across the corridor from each other, provided that neither area exceeds the 55.7-m<sup>2</sup> (600-ft<sup>2</sup>) limitation.

**A.19.3.6.2.2** The intent of the ½-hour fire resistance rating for corridor partitions is to require a nominal fire rating, particularly where the fire rating of existing partitions cannot be documented. Examples of acceptable partition assemblies would include, but are not limited to 1.3-cm (½-in.) gypsum board, wood lath and plaster, gypsum lath, or metal lath and plaster.

**A.19.3.6.2.3** An architectural, exposed, suspended-grid acoustical tile ceiling with penetrating items such as sprinkler piping and sprinklers; ducted HVAC supply and return-air diffusers; speakers; and recessed lighting fixtures is capable of limiting the transfer of smoke.

**A.19.3.6.2.5** Monolithic ceilings are continuous horizontal membranes composed of noncombustible or limited-combustible materials, such as plaster or gypsum board, with seams or cracks permanently sealed.

**A.19.3.6.2.6** The purpose of extending a corridor wall above a lay-in ceiling or through a concealed space is to provide a barrier to limit the passage of smoke. The intent of 19.3.6.2.6 is not to require light-tight barriers above lay-in ceilings or to require an absolute seal of the room from the corridor. Small holes, penetrations or gaps around items such as ductwork, conduit, or telecommunication lines should not affect the ability of this barrier to limit the passage of smoke.

**A.19.3.6.3.1** Gasketing of doors should not be necessary to achieve resistance to the passage of smoke if the door is relatively tight-fitting.

**A.19.3.6.3.5** While it is recognized that closed doors serve to maintain tenable conditions in a corridor and adjacent patient rooms, such doors, which under normal or fire conditions are self-closing, might create a special hazard for the personal safety of a room occupant. These closed doors might present a problem of delay in discovery, confining fire products beyond tenable conditions.

Because it is critical for responding staff members to be able to immediately identify the specific room involved, it is suggested that approved automatic smoke detection that is interconnected with the building fire alarm be considered for rooms having doors equipped with closing devices. Such detection is permitted to be located at any approved point within the room. When activated, the detector is required to provide a warning that indicates the specific room of involvement by activation of a fire alarm annunciator, nurse call system, or any other device acceptable to the authority having jurisdiction.

In existing buildings, use of the following options reasonably ensures that patient room doors will be closed and remain closed during a fire:

- (1) Doors should have positive latches and a suitable program that trains staff to close the doors in an emergency should be established.
- (2) It is the intent of the *Code* that no new installations of roller latches be permitted; however, repair or replacement of roller latches is not considered a new installation.
- (3) Doors protecting openings to patient sleeping or treatment rooms, or spaces having a similar combustible loading might be held closed using a closer exerting a closing force of not less than 22 N (5 lbf) on the door latch stile.

**A.19.3.6.3.8** Doors should not be blocked open by furniture, door stops, chocks, tie-backs, drop-down or plunger-type devices, or other devices that necessitate manual unlatching or releasing action to close. Examples of hold-open devices that release when the door is pushed or pulled are friction catches or magnetic catches.

**A.19.3.6.3.10** It is not the intent of 19.3.6.3.10 to prohibit the application of push-plates, hardware, or other attachments on corridor doors in health care occupancies.

**A.19.3.7.3(2)** Where the smoke control system design requires dampers in order that the system functions effectively, it is not the intent of the exception to permit the damper to be omitted.

This provision is not intended to prevent the use of plenum returns where ducting is used to return air from a ceiling plenum through smoke barrier walls. Short stubs or jumper ducts

- (3) If, in the opinion of the authority having jurisdiction, special hazards are present, a lock on the enclosure specified in 19.5.2.3(3) and other safety precautions shall be permitted to be required.

**19.5.3 Elevators, Escalators, and Conveyors.** Elevators, escalators, and conveyors shall comply with the provisions of Section 9.4.

**19.5.4 Rubbish Chutes, Incinerators, and Laundry Chutes.**

**19.5.4.1** Any existing linen and trash chute, including pneumatic rubbish and linen systems, that opens directly onto any corridor shall be sealed by fire-resistive construction to prevent further use or shall be provided with a fire door assembly having a fire protection rating of 1 hour. All new chutes shall comply with Section 9.5.

**19.5.4.2** Any rubbish chute or linen chute, including pneumatic rubbish and linen systems, shall be provided with automatic extinguishing protection in accordance with Section 9.7. (See Section 9.5.)

**19.5.4.3** Any trash chute shall discharge into a trash collection room used for no other purpose and protected in accordance with Section 8.7.

**19.5.4.4** Existing flue-fed incinerators shall be sealed by fire-resistive construction to prevent further use.

**19.6 Reserved.**

**19.7\* Operating Features.**

**19.7.1 Evacuation and Relocation Plan and Fire Drills.**

**19.7.1.1** The administration of every health care occupancy shall have, in effect and available to all supervisory personnel, written copies of a plan for the protection of all persons in the event of fire, for their evacuation to areas of refuge, and for their evacuation from the building when necessary.

**19.7.1.2** All employees shall be periodically instructed and kept informed with respect to their duties under the plan required by 19.7.1.1.

**19.7.1.3** A copy of the plan required by 19.7.1.1 shall be readily available at all times in the telephone operator's location or at the security center.

**19.7.1.4\*** Fire drills in health care occupancies shall include the transmission of a fire alarm signal and simulation of emergency fire conditions.

**19.7.1.5** Infirm or bedridden patients shall not be required to be moved during drills to safe areas or to the exterior of the building.

**19.7.1.6** Drills shall be conducted quarterly on each shift to familiarize facility personnel (nurses, interns, maintenance engineers, and administrative staff) with the signals and emergency action required under varied conditions.

**19.7.1.7** When drills are conducted between 9:00 p.m. (2100 hours) and 6:00 a.m. (0600 hours), a coded announcement shall be permitted to be used instead of audible alarms.

**19.7.1.8** Employees of health care occupancies shall be instructed in life safety procedures and devices.

**19.7.2 Procedure in Case of Fire.**

**19.7.2.1\* Protection of Patients.**

**19.7.2.1.1** For health care occupancies, the proper protection of patients shall require the prompt and effective response of health care personnel.

**19.7.2.1.2** The basic response required of staff shall include the following:

- (1) Removal of all occupants directly involved with the fire emergency
- (2) Transmission of an appropriate fire alarm signal to warn other building occupants and summon staff
- (3) Confinement of the effects of the fire by closing doors to isolate the fire area
- (4) Relocation of patients as detailed in the health care occupancy's fire safety plan

**19.7.2.2 Fire Safety Plan.** A written health care occupancy fire safety plan shall provide for the following:

- (1) Use of alarms
- (2) Transmission of alarm to fire department
- (3) Emergency phone call to fire department
- (4) Response to alarms
- (5) Isolation of fire
- (6) Evacuation of immediate area
- (7) Evacuation of smoke compartment
- (8) Preparation of floors and building for evacuation
- (9) Extinguishment of fire

**19.7.2.3 Staff Response.**

**19.7.2.3.1** All health care occupancy personnel shall be instructed in the use of and response to fire alarms.

**19.7.2.3.2** All health care occupancy personnel shall be instructed in the use of the code phrase to ensure transmission of an alarm under the following conditions:

- (1) When the individual who discovers a fire must immediately go to the aid of an endangered person
- (2) During a malfunction of the building fire alarm system

**19.7.2.3.3** Personnel hearing the code announced shall first activate the building fire alarm using the nearest manual fire alarm box, then shall execute immediately their duties as outlined in the fire safety plan.

**19.7.3 Maintenance of Exits.**

**19.7.3.1** Proper maintenance shall be provided to ensure the dependability of the method of evacuation selected.

**19.7.3.2** Health care occupancies that find it necessary to lock exits shall, at all times, maintain an adequate staff qualified to release locks and direct occupants from the immediate danger area to a place of safety in case of fire or other emergency.

**19.7.4\* Smoking.** Smoking regulations shall be adopted and shall include not less than the following provisions:

- (1) Smoking shall be prohibited in any room, ward, or compartment where flammable liquids, combustible gases, or oxygen is used or stored and in any other hazardous location, and such areas shall be posted with signs that read NO SMOKING or shall be posted with the international symbol for no smoking.
- (2) In health care occupancies where smoking is prohibited and signs are prominently placed at all major entrances, secondary signs with language that prohibits smoking shall not be required.
- (3) Smoking by patients classified as not responsible shall be prohibited.
- (4) The requirement of 19.7.4(3) shall not apply where the patient is under direct supervision.

- (5) Ashtrays of noncombustible material and safe design shall be provided in all areas where smoking is permitted.
- (6) Metal containers with self-closing cover devices into which ashtrays can be emptied shall be readily available to all areas where smoking is permitted.

#### 19.7.5 Furnishings, Bedding, and Decorations.

19.7.5.1\* Draperies, curtains, and other loosely hanging fabrics and films serving as furnishings or decorations in health care occupancies shall be in accordance with the provisions of 10.3.1 (see 19.3.5.6), and the following also shall apply:

- (1) Such curtains shall include cubicle curtains.
- (2) Such curtains shall not include curtains at showers.

19.7.5.2 Newly introduced upholstered furniture within health care occupancies shall meet the criteria specified when tested in accordance with the methods cited in 10.3.2(2) and 10.3.3.

19.7.5.3 The requirement of 19.7.5.2 shall not apply to upholstered furniture belonging to the patient in sleeping rooms of nursing homes where the following criteria are met:

- (1) A smoke detector shall be installed in such rooms.
- (2) Battery-powered single-station smoke detectors shall be permitted.

19.7.5.4 Newly introduced mattresses within health care occupancies shall meet the criteria specified when tested in accordance with the methods cited in 10.3.2(3) and 10.3.4.

19.7.5.5 The requirement of 19.7.5.4 shall not apply to mattresses belonging to the patient in sleeping rooms of nursing homes where the following criteria are met:

- (1) A smoke detector shall be installed in such rooms.
- (2) Battery-powered, single-station smoke detectors shall be permitted.

19.7.5.6 Combustible decorations shall be prohibited in any health care occupancy unless one of the following criteria is met:

- (1) They are flame-retardant.
- (2) They are decorations such as photographs and paintings in such limited quantities that a hazard of fire development or spread is not present.

19.7.5.7 Soiled linen or trash collection receptacles shall not exceed 121 L (32 gal) in capacity, and the following also shall apply:

- (1) The average density of container capacity in a room or space shall not exceed 20.4 L/m<sup>2</sup> (0.5 gal/ft<sup>2</sup>).
- (2) A capacity of 121 L (32 gal) shall not be exceeded within any 6-m<sup>2</sup> (64-ft<sup>2</sup>) area.
- (3) Mobile soiled linen or trash collection receptacles with capacities greater than 121 L (32 gal) shall be located in a room protected as a hazardous area when not attended.
- (4) Container size and density shall not be limited in hazardous areas.

#### 19.7.6 Maintenance and Testing. (See 4.6.13.)

#### 19.7.7\* Engineered Smoke Control Systems.

19.7.7.1 Existing engineered smoke control systems, unless specifically exempted by the authority having jurisdiction, shall be tested in accordance with established engineering principles.

19.7.7.2 Systems not meeting the performance requirements of such testing shall be continued in operation only with the specific approval of the authority having jurisdiction.

19.7.8 **Portable Space-Heating Devices.** Portable space-heating devices shall be prohibited in all health care occupancies, unless both of the following criteria are met:

- (1) Such devices are used only in nonsleeping staff and employee areas.
- (2) The heating elements of such devices do not exceed 100°C (212°F).

#### 19.7.9 Construction, Repair, and Improvement Operations.

19.7.9.1 Construction, repair, and improvement operations shall comply with 4.6.11.

19.7.9.2 The means of egress in any area undergoing construction, repair, or improvements shall be inspected daily for compliance with 7.1.10.1 and shall also comply with NFPA 241, *Standard for Safeguarding Construction, Alteration, and Demolition Operations*.

## Chapter 20 New Ambulatory Health Care Occupancies

### 20.1 General Requirements.

#### 20.1.1 Application.

##### 20.1.1.1 General.

20.1.1.1.1 The requirements of this chapter shall apply to the following:

- (1) New buildings or portions thereof used as ambulatory health care occupancies (see 1.3.1)
- (2) Additions made to, or used as, an ambulatory health care occupancy (see 4.6.7 and 20.1.1.4), unless all of the following criteria are met:
  - (a) The addition is classified as an occupancy other than an ambulatory health care occupancy.
  - (b) The addition is separated from the ambulatory health care occupancy in accordance with 20.1.2.2.
  - (c) The addition conforms to the requirements for the specific occupancy.
- (3) Alterations, modernizations, or renovations of existing ambulatory health care occupancies (see 4.6.8 and 20.1.1.4)
- (4) Existing buildings or portions thereof upon change of occupancy to an ambulatory health care occupancy (see 4.6.12)

20.1.1.1.2 Ambulatory health care facilities shall comply with the provisions of Chapter 38 and this chapter, whichever is more stringent.

20.1.1.1.3 This chapter establishes life safety requirements, in addition to those required in Chapter 38, for the design of all ambulatory health care occupancies as defined in 3.3.152.1.

20.1.1.1.4 Buildings, or sections of buildings, that primarily house patients who, in the opinion of the governing body of the facility and the governmental agency having jurisdiction, are capable of exercising judgment and appropriate physical action for self-preservation under emergency conditions shall

March 16, 2007

ATTN: Nina Monroe, Regional Administrator  
State of Tennessee  
Department of Health  
Bureau of Health Licensure and Regulation  
Middle Tennessee Regional Office  
710 Hart Lane, 1<sup>st</sup> Floor  
Nashville, TN 37247-0530

Dear Ms. Monroe:

Attached you will find our plan of correction to the Statement of Deficiencies resulting from your State Licensure Survey of Summit Medical Center on March 6, 2007.

If there are any questions, please contact me at 615-316-3645.

Sincerely,

Ted Jones  
Director of Operations and Facilities

### NOTIFICATION OF INTENT TO APPLY FOR A CERTIFICATE OF NEED

This is to provide official notice to the Health Services and Development Agency and all interested parties, in accordance with T.C.A. Sections 68-11-1601 et seq., and the Rules of the Health Services and Development Agency, that TriStar Summit Medical Center (a hospital), owned and managed by HCA Health Services of Tennessee, Inc. (a corporation), intends to file an application for a Certificate of Need to convert existing space to eight (8) inpatient medical-surgical beds on the 7th floor of its facility at 5655 Frist Boulevard, Hermitage, TN 37076. The estimated capital cost is \$1,850,000.

TriStar Summit Medical Center is a general hospital licensed by the Board for Licensing Health Care Facilities, Tennessee Department of Health, for 188 hospital beds. The project will increase its licensed hospital bed complement to 196 hospital beds. It will not initiate or discontinue any health service, or add any major medical equipment.

The anticipated date of filing the application is on or before February 14, 2014. The contact person for the project is John Wellborn, who may be reached at Development Support Group, 4219 Hillsboro Road, Suite 210, Nashville, TN 37215; (615) 665-2022.

Upon written request by interested parties, a local Fact-Finding public hearing shall be conducted. Written requests for hearing should be sent to:

Tennessee Health Services and Development Agency  
Andrew Jackson Building, 9th Floor  
502 Deaderick Street  
Nashville, TN 37243

Pursuant to TCA Sec. 68-11-1607(c)(1): (A) any health care institution wishing to oppose a Certificate of Need application must file a written objection with the Health Services and Development Agency no later than fifteen (15) days before the regularly scheduled Health Services and Development Agency meeting at which the application is originally scheduled, and (B) any other person wishing to oppose the application must file written objection with the Health Services and

RE: Certificate of Need Application -- Summit Medical Center - CN1402-004

Dear Mr. Wellborn:

This is to acknowledge the receipt of supplemental information to your application for a Certificate of Need to convert existing space to eight (8) inpatient medical-surgical beds on the 7th floor at the hospital campus. Project cost is \$1,812,402.00.

Please be advised that your application is now considered to be complete by this office. Your application is being forwarded to the Tennessee Department of Health and/or its representative for review.

In accordance with Tennessee Code Annotated, §68-11-1601, et seq., as amended by Public Chapter 780, the 60-day review cycle for this project will begin on March 1, 2014. The first sixty (60) days of the cycle are assigned to the Department of Health, during which time a public hearing may be held on your application. You will be contacted by a representative from this Agency to establish the date, time and place of the hearing should one be requested. At the end of the sixty (60) day period, a written report from the Department of Health or its representative will be forwarded to this office for Agency review within the thirty (30)-day period immediately following. You will receive a copy of their findings. The Health Services and Development Agency will review your application on May 28, 2014.

Any communication regarding projects under consideration by the Health Services and Development Agency shall be in accordance with T.C.A. § 68-11-1607(d):

- (1) No communications are permitted with the members of the agency once the Letter of Intent initiating the application process is filed with the agency. Communications between agency members and agency staff shall not be prohibited. Any communication received by an agency member from a person unrelated to the applicant or party opposing the application shall be reported to the Executive Director and a written summary of such communication shall be made part of the certificate of need file.
- (2) All communications between the contact person or legal counsel for the applicant and the Executive Director or agency staff after an application is deemed complete and placed in the review cycle are prohibited unless submitted in writing or confirmed in writing and made part of the certificate of need application file. Communications for the purposes of clarification of facts and issues that may arise after an application has been deemed complete and initiated by the Executive Director or agency staff are not prohibited.

Should you have questions or require additional information, please contact me.

Sincerely,

Melanie M. Hill  
Executive Director

SUPPLEMENTAL

February 28, 2014

Phillip M. Earhart, HSD Examiner  
Tennessee Health Services and Development Agency  
Andrew Jackson Building, 9<sup>th</sup> Floor  
502 Deaderick Street  
Nashville, TN 37243

RE: CON Application CN1402-004  
TriStar Summit Medical Center

Dear Mr. Earhart:

At your request, this letter expands on my February 26 response to your second supplemental request, question 3b.

**3b. The applicant states the de-licensing of eight (8) beds from another HCA hospital is not a viable option since the average occupancy of all HCA facilities in Davidson County is 74.5% and does not take into account peak times of the year. However, please explain the reason eight beds could not be de-licensed from Skyline Medical Center's Madison campus located in Davidson County. According to the 2012 Joint Annual Report, Skyline Madison is licensed for 172 beds, but only staffs 110 beds. The licensed occupancy in 2012 of Skyline Madison campus was 40.2%.**

As additional information, Summit is providing a breakdown of the assignment of Skyline's licensed beds in the format of Part A of the CON application. That information is attached after this page.

Thank you for your assistance. We hope this provides the information needed to accept the application into the next review cycle. If more is needed please FAX or telephone me so that we can respond in time to be deemed complete.

Respectfully,

  
John Wellborn  
Consultant

RE: Certificate of Need Application CN1402-004  
TriStar Summit Medical Center

Dear Mr. Wellborn:

This will acknowledge our February 14, 2014 receipt of your application for a Certificate of need to convert existing space to eight (8) inpatient medical-surgical beds on the 7<sup>th</sup> floor at the campus of TriStar Summit Medical Center located at 5655 Frist Boulevard, Hermitage (Davidson County), TN 37076.

Several items were found which need clarification or additional discussion. Please review the list of questions below and address them as indicated. The questions have been keyed to the application form for your convenience. I should emphasize that an application cannot be deemed complete and the review cycle begun until all questions have been answered and furnished to this office.

Please submit responses in triplicate by 12:00 noon, Wednesday March 26, 2014. If the supplemental information requested in this letter is not submitted by or before this time, then consideration of this application may be delayed into a later review cycle.

---

**1. Filing Fee**

The filing fee check from the applicant in the amount of \$4,609.00 is noted. However, it appears the filing fee is \$4,069, a difference of \$540.00. Please note a refund of \$540.00 will be requested on behalf of the applicant.

**2. Section A, Applicant Profile, Item 3**

Please provide a correct contact phone number for HCA Health Services of Tennessee, Inc. and submit a replacement page. The phone number provided is for Horizon Medical Center located in Dickson, Tennessee.

**3. Section A, Applicant Profile, Item 9**

There appears to be a typo in the number of staffed beds for ICU/CCU. Please correct and submit a replacement page.

There appear to be four (4) unstaffed obstetrical beds. Please discuss the status and plan for these four (4) unstaffed beds. Are there any other unstaffed licensed beds?

**4. Section A, Applicant Profile, Item 13**

The applicant's contractual relationships with AmeriGroup, United Community Healthcare Plan and TennCare Select are noted. However, new TennCare contracts will take effect January 1, 2015 with full statewide implementation for AmeriGroup, BlueCare Tennessee and United Healthcare. Please indicate if the applicant intends to contract with BlueCare Tennessee. If so, what stage of contract discussions is the applicant involved with BlueCare Tennessee?

**5. Section B, Project Description, Item II A.**

The total construction cost of \$1,161,143 in Table Two appears to be incorrect. Please revise.

**6. Section B, Project Description, Item III.B.1**

The round trip mileage and drive times in table five is noted. However, there appears to be errors in the table. Please verify all calculations, and resubmit if necessary.

**7. Section B, Project Description, Item IV.**

The floor plan for the proposed project is noted. However, please include the floor plan for the 7<sup>th</sup> floor which will indicate the relation of the proposed project to nursing stations, ancillary services, etc. When providing the floor plan, please outline the location of the proposed project.

**8. Need, Item 1. (Service Specific Criteria-Construction, Renovation, Expansion and replacement of Health Care Institutions)**

Please address the criteria for Construction, Renovation, Expansion and replacement of Health Care Institutions

**9. Need, Item 1. (Service Specific Criteria-Acute Care Bed Services, #1)**

Table six is noted on page 20. The table is labeled "minimal impact of two additional beds on services area hospital bed complements". Please clarify if the table should be for eight (8) beds instead.

Please indicate the 2012 licensed occupancy of inpatient medical surgical beds for each of the HCA hospitals in the applicant's service area.

On page 20 of the application, it is noted there is a surplus of 1,053 acute care hospital beds in the proposed service area. With this in mind, has the applicant considered de-licensing eight (8) inpatient med surgical beds at another HCA owned hospital in the service area so that eight (8) additional medical surgical beds are not added to a service area that already has a surplus of medical surgical beds? Please discuss.

**10. Section C, Need, Item 4.A.**

Table eight on page 28 of the demographic characteristics of the Primary service area counties is noted. However, please revise table eight using Tennessee Department of Health 2013 population statistics from the following web-site:  
[http://health.state.tn.us/statistics/pdf/CertNeed/Population\\_Projections\\_2010-20.pdf](http://health.state.tn.us/statistics/pdf/CertNeed/Population_Projections_2010-20.pdf)

**11. Section C. Economic Feasibility Item 1 (Project Cost Chart) and Item 3**

The Architect's letter in the attachments is noted. However, please clarify the reason 4,406 SF of construction area at a cost of \$1,161,133 is listed rather than 7,406 square feet.

**12. Section C, Economic Feasibility, Item 5**

Table Eleven consisting of Charges, Deductions, Net Charges and Net operating Income is noted. However, there appears to be a calculation error in the average gross charge per day for CY2017. Please revise.

**13. Section C, Economic Feasibility, Item 6.B**

The applicant refers to table thirteen. Please provide the referenced table.

#### 14. Section C, Economic Feasibility, Item 10

The applicant's financial documents are noted. Please clarify if the documents are audited.

#### 15. Section C, Orderly Development, Item 7 (d)

The copy of the most recent licensure inspection dated March 6, 2007 is noted. Please clarify if there have been any licensure surveys or inspections since March 6, 2007 by the State of Tennessee. If so, please provide a copy.

In accordance with Tennessee Code Annotated, §68-11-1607(c) (5), "...If an application is not deemed complete within sixty (60) days after written notification is given to the applicant by the agency staff that the application is deemed incomplete, the application shall be deemed void." **For this application, the sixtieth (60<sup>th</sup>) day after written notification is Thursday, April 17, 2014. If this application is not deemed complete by this date, the application will be deemed void.** Agency Rule 0720-10-.03(4)(d)(2) indicates that "Failure of the applicant to meet this deadline will result in the application being considered withdrawn and returned to the contact person. Resubmittal of the application must be accomplished in accordance with Rule 0720-10-.03 and requires an additional filing fee." Please note that supplemental information must be submitted timely for the application to be deemed complete prior to the beginning date of the review cycle which the applicant intends to enter, even if that time is less than the sixty (60) days allowed by the statute. The supplemental information must be submitted with the enclosed affidavit, which shall be executed and notarized; please attach the notarized affidavit to the supplemental information.

If all supplemental information is not received and the application officially deemed complete prior to the beginning of the next review cycle, then consideration of the application could be delayed into a later review cycle. The review cycle for each application shall begin on the first day of the month after the application has been deemed complete by the staff of the Health Services and Development Agency.

Any communication regarding projects under consideration by the Health Services and Development Agency shall be in accordance with T.C.A. § 68-11-1607(d):

- (1) No communications are permitted with the members of the agency once the Letter of Intent initiating the application process is filed with the agency. Communications between agency members and agency staff shall not be prohibited. Any communication received by an agency member from a person unrelated to the applicant or party opposing the application shall be reported to the Executive Director and a written summary of such communication shall be made part of the certificate of need file.

- (2) All communications between the contact person or legal counsel for the applicant and the Executive Director or agency staff after an application is deemed complete and placed in the review cycle are prohibited unless submitted in writing or confirmed in writing and made part of the certificate of need application file. Communications for the purposes of clarification of facts and issues that may arise after an application has been deemed complete and initiated by the Executive Director or agency staff are not prohibited.

Should you have any questions or require additional information, please do not hesitate to contact this office.

Sincerely,

A handwritten signature in cursive script, reading "Phillip M. Earhart". The signature is written in dark ink and is positioned above the printed name and title.

RE: Certificate of Need Application CN1402-004  
TriStar Summit Medical Center

Dear Mr. Wellborn:

This will acknowledge our February 21, 2014 receipt of your supplemental response for a Certificate of need to convert existing space to eight (8) inpatient medical-surgical beds on the 7<sup>th</sup> floor at the campus of TriStar Summit Medical Center located at 5655 Frist Boulevard, Hermitage (Davidson County), TN 37076.

Several items were found which need clarification or additional discussion. Please review the list of questions below and address them as indicated. The questions have been keyed to the application form for your convenience. I should emphasize that an application cannot be deemed complete and the review cycle begun until all questions have been answered and furnished to this office.

**Please submit responses in triplicate by 4 pm, Wednesday February 26, 2014.** If the supplemental information requested in this letter is not submitted by or before this time, then consideration of this application may be delayed into a later review cycle.

---

**1. Section B, Project Description, Item III.B.1**

The revised round trip mileage and drive times in table five is noted. However, there appears to be an error in the table for the mileage roundtrip calculation for Skyline Medical Center, Nashville. Please verify all calculations, and resubmit if necessary. Also, please update page 16R of the referenced roundtrip average.

**2. Need, Item 1. (Service Specific Criteria-Construction, Renovation, Expansion and replacement of Health Care Institutions) 3.a.**

The applicant references table 10 on page 32 and state the proposed expanded medical-surgical bed complement will be utilized at and above 80% average occupancy during the first two years of occupancy. However, 23-hour observation beds should not be included in the occupancy calculations. Since 23 hour observation beds are not counted as medical-surgical beds, please exclude those beds and revise the total occupancy percentages for years 2011-2014, and Project Year One and Project Year Two. In addition, please revise your narrative response and submit a revised page 23R.

**3. Need, Item 1. (Service Specific Criteria-Acute Care Bed Services, #1)**

The table of 2012 licensed occupancy of inpatient medical surgical beds for each of the HCA hospitals in the applicant's service area is noted. However, please clarify if the table includes 23 hour observation beds. If so, please provide a revised table minus 23 hour observation beds.

The applicant states the de-licensing of eight (8) beds from another HCA hospital is not a viable option since the average occupancy of all HCA facilities in Davidson County is 74.5% and does not take into account peak times of the year. However, please explain the reason eight beds could not be de-licensed from Skyline Medical Center's Madison campus located in Davidson County. According to the 2012 Joint Annual Report, Skyline Madison is licensed for 172 beds, but only staffs 110 beds. The licensed occupancy in 2012 of Skyline Madison campus was 40.2%.

Please also clarify if the 2013 average occupancy of 74.5% of all HCA facilities in Davidson County included the Skyline Madison campus.

**4. Section C. Economic Feasibility Item 1 (Project Cost Chart) and Item 3**

The revised Architect's letter is noted. However, the referenced sq. ft. is 7,606, rather than 7,406 square feet as mentioned in the application. Please revise.

**5. Section C, Economic Feasibility, Item 4**

The patient days in the Projected Data Chart of 476 in Year One and 646 in Year Two is noted. However, please clarify if the projected patient days include 23 hour observation beds. If so, please revise the projected data chart to not include 23 hour observation bed in the patient day calculation.

In accordance with Tennessee Code Annotated, §68-11-1607(c) (5), "...If an application is not deemed complete within sixty (60) days after written notification is given to the applicant by the agency staff that the application is deemed incomplete, the application shall be deemed void." **For this application, the sixtieth (60<sup>th</sup>) day after written notification is Thursday, April 17, 2014. If this application is not deemed complete by this date, the application will be deemed void.** Agency Rule 0720-10-.03(4)(d)(2) indicates that "Failure of the applicant to meet this deadline will result in the application being considered withdrawn and returned to the contact person. Resubmittal of the application must be accomplished in accordance with Rule 0720-10-.03 and requires an additional filing fee." Please note that supplemental information must be submitted timely for the application to be deemed complete prior to the beginning date of the review cycle which the applicant intends to enter, even if that time is less than the sixty (60) days allowed by the statute. The supplemental information must be submitted with the enclosed affidavit, which shall be executed and notarized; please attach the notarized affidavit to the supplemental information.

If all supplemental information is not received and the application officially deemed complete prior to the beginning of the next review cycle, then consideration of the application could be delayed into a later review cycle. The review cycle for each application shall begin on the first day of the month after the application has been deemed complete by the staff of the Health Services and Development Agency.

Any communication regarding projects under consideration by the Health Services and Development Agency shall be in accordance with T.C.A. § 68-11-1607(d):

- (1) No communications are permitted with the members of the agency once the Letter of Intent initiating the application process is filed with the agency. Communications between agency members and agency staff shall not be prohibited. Any communication received by an agency member from a person unrelated to the applicant or party opposing the application shall be reported to the Executive Director and a written summary of such communication shall be made part of the certificate of need file.
- (2) All communications between the contact person or legal counsel for the applicant and the Executive Director or agency staff after an application is deemed complete and placed in the review cycle are prohibited unless submitted in writing or confirmed in writing and made part of the certificate of need application file. Communications for the purposes of clarification of facts and issues that may arise after an application has been deemed complete and initiated by the Executive Director or agency staff are not prohibited.

RE: CON Application CN1402-004  
TriStar Summit Medical Center

Dear Mr. Earhart:

This letter responds to your recent request for additional information on this application. The items below are numbered to correspond to your questions. They are provided in triplicate, with affidavit.

**Filing Fee**

**1. The filing fee check from the applicant in the amount of \$4,609.00 is noted. However, it appears the filing fee is \$4,069, a difference of \$540.00. Please note a refund of \$540.00 will be requested on behalf of the applicant.**

Thank you for noticing the transposition of digits. Summit will look forward to receiving the refund.

**2. Section A, Applicant Profile, Item 3**

**Please provide a correct contact phone number for HCA Health Services of Tennessee, Inc. and submit a replacement page. The phone number provided is for Horizon Medical Center located in Dickson, Tennessee.**

Please see revised page 1R, attached after this page. The revised phone number is for Summit Medical Center administration, which is the appropriate number for CON purposes.

**3. Section A, Applicant Profile, Item 9**

**a. There appears to be a typo in the number of staffed beds for ICU/CCU. Please correct and submit a replacement page.**

The correct number is 24 rather than 124 ICU beds. Also, Summit fully staffs its 24 OB beds. Revised page 3R is attached following this page, showing that all licensed beds are fully staffed.

Page Two  
February 21, 2014

**b. There appear to be four (4) unstaffed obstetrical beds. Please discuss the status and plan for these four (4) unstaffed beds. Are there any other unstaffed licensed beds?**

These beds are currently being staffed. This was a typographical oversight. In addition, there are no other unstaffed licensed beds. A revised page 3R is attached preceding this page, in response to question 3b.

**4. Section A, Applicant Profile, Item 13**

**The applicant's contractual relationships with AmeriGroup, United Community Healthcare Plan and TennCare Select are noted. However, new TennCare contracts will take effect January 1, 2015 with full statewide implementation for AmeriGroup, BlueCare Tennessee and United Healthcare. Please indicate if the applicant intends to contract with BlueCare Tennessee. If so, what stage of contract discussions is the applicant involved with BlueCare Tennessee?**

Our intent is to be in-network with BlueCare Tennessee and negotiations are underway in order to be effective by January 1, 2015.

**5. Section B, Project Description, Item II A.**

**The total construction cost of \$1,161,143 in Table Two appears to be incorrect. Please revise.**

Revised pages 11R and 38R (both of which contained Table Two) are attached following this page. These change the typographical error from \$1,161,143 to \$1,161,133 to agree with the narrative and elsewhere.

**6. Section B, Project Description, Item III.B.1**

**The round trip mileage and drive times in table five is noted. However, there appears to be errors in the table. Please verify all calculations, and resubmit if necessary.**

The hospital specific data is correct but the averages lines are not. Attached following this page is revised page 18R simplifying the table and correcting it. Also attached is revised page 16R which references average driving distances and times.

**APPLICANTS WITH HOSPITAL PROJECTS (CONSTRUCTION COST IN EXCESS OF \$5 MILLION) AND OTHER FACILITY PROJECTS (CONSTRUCTION COST IN EXCESS OF \$2 MILLION) SHOULD COMPLETE THE SQUARE FOOTAGE AND COSTS PER SQUARE FOOTAGE CHART...**

Not applicable; the project cost is below that review threshold.

**PLEASE ALSO DISCUSS AND JUSTIFY THE COST PER SQUARE FOOT FOR THIS PROJECT.**

The estimated \$1,163,133 renovation cost of the project is approximately \$157 per SF--with the bed wing averaging approximately \$224 PSF, and the Sleep Lab MOB renovation averaging approximately \$59 PSF (these are rounded numbers).

<b>Table Two: Construction Cost PSF</b>			
<b>Component</b>	<b>Construction Cost</b>	<b>SF of Renovation</b>	<b>Construction Cost PSF</b>
7 <sup>th</sup> Floor Beds	\$984,973	4,406	\$223.55
Sleep Lab	\$176,160	3,000	\$58.72
<i>Total Project</i>	<i>\$1,161,133</i>	<i>7,406</i>	<i>\$156.78</i>

The 2010-12 hospital construction projects approved by the HSDA had the following costs per SF. The Summit project's bed wing construction cost of approximately \$224 PSF is below the 3<sup>rd</sup> quartile average Statewide. The project's overall total construction cost average of approximately \$157 PSF is below the Statewide median.

<b>Table Three: Hospital Construction Cost Per Square Foot Applications Approved by the HSDA Years: 2010 – 2012</b>			
	<b>Renovation</b>	<b>New Construction</b>	<b>Total Construction</b>
<b>1<sup>st</sup> Quartile</b>	\$99.12/sq ft	\$234.64/sq ft	\$167.99/sq ft
<b>Median</b>	\$177.60/sq ft	\$259.66/sq ft	\$235.00/sq ft
<b>3<sup>rd</sup> Quartile</b>	\$249.00/sq ft	\$307.80/sq ft	\$274.63/sq ft

*Source: Health Services and Development Agency website, 2014*

**C(II).3. DISCUSS AND DOCUMENT THE REASONABLENESS OF THE PROPOSED PROJECT COSTS. IF APPLICABLE, COMPARE THE COST PER SQUARE FOOT OF CONSTRUCTION TO SIMILAR PROJECTS RECENTLY APPROVED BY THE HSDA.**

The estimated \$1,163,133 renovation cost of the project is approximately \$157 per SF--with the bed wing averaging approximately \$224 PSF, and the Sleep Lab MOB renovation averaging approximately \$59 PSF (these are rounded numbers).

<b>Table Two (Repeated): Construction Cost PSF</b>			
<b>Component</b>	<b>Construction Cost</b>	<b>SF of Renovation</b>	<b>Construction Cost PSF</b>
7 <sup>th</sup> Floor Beds	\$984,973	4,406	\$223.55
Sleep Lab	\$176,160	3,000	\$58.72
<i>Total Project</i>	<i>\$1,161,133</i>	<i>7,406</i>	<i>\$156.78</i>

The 2010-12 hospital construction projects approved by the HSDA had the following costs per SF. The Summit project's bed wing construction cost of approximately \$224 PSF is below the 3<sup>rd</sup> quartile average Statewide. The project's overall total construction cost average of approximately \$157 PSF is below the Statewide median.

<b>Table Three (Repeated): Hospital Construction Cost Per Square Foot Applications Approved by the HSDA Years: 2010 – 2012</b>			
	<b>Renovation</b>	<b>New Construction</b>	<b>Total Construction</b>
<b>1<sup>st</sup> Quartile</b>	\$99.12/sq ft	\$234.64/sq ft	\$167.99/sq ft
<b>Median</b>	\$177.60/sq ft	\$259.66/sq ft	\$235.00/sq ft
<b>3<sup>rd</sup> Quartile</b>	\$249.00/sq ft	\$307.80/sq ft	\$274.63/sq ft

*Source: Health Services and Development Agency website, 2014*

**B.III.B.1. DESCRIBE THE RELATIONSHIP OF THE SITE TO PUBLIC TRANSPORTATION ROUTES, IF ANY, AND TO ANY HIGHWAY OR MAJOR ROAD DEVELOPMENTS IN THE AREA. DESCRIBE THE ACCESSIBILITY OF THE PROPOSED SITE TO PATIENTS/CLIENTS.**

Summit Medical Center is located in Hermitage, on the far eastern edge of Davidson County near the Wilson County line. The hospital is on the west side of Old Hickory Boulevard / Highway 45, approximately one mile north of Exit 221 from I-40, and is visible from that exit. Summit serves patients primarily from eastern Davidson County and western Wilson County. Interstate I-40 and U.S. Highway 70, which run east and west between Nashville and Lebanon, are the service area's principal east-west roadways; Old Hickory Boulevard is one of the service area's major roadways running north-south beside the Summit campus.

Summit is very accessible to western Wilson County, as well as to eastern Davidson County between Old Hickory Lake (the Cumberland River) and the areas west, north, and east of Percy Priest Lake. The rapidly growing Mt. Juliet community is the fastest growing sector of western Wilson County; and Mt. Juliet is much closer to Summit Medical Center (6.9 miles; 15 minutes) than it is to University Medical Hospital in Lebanon (13.2 miles; 19 minutes).

<b>Table Five: Round-Trip Mileage and Drive Times Between Hermitage and Other Medical-Surgical Beds In the Primary Service Area</b>				
<b>Location of Medical-Surgical Beds</b>	<b>Mileage 1-Way</b>	<b>Time 1-Way</b>	<b>Mileage Rd-Trip</b>	<b>Time Rd-Trip</b>
Centennial Medical Center	13.6	19 min.	27.2	38 min.
Metro NV General Hospital	13.8	19 min.	27.6	38 min.
Saint Thomas Midtown Hospital	13.1	17 min.	26.2	34 min.
Saint Thomas West Hospital	16.8	21 min.	33.6	42 min.
Skyline Medical Center, Nashville	16.8	20 min.	17.5	40 min.
Southern Hills Medical Center	11.1	18 min.	22.2	36 min.
The Center for Spinal Surgery	13.3	18 min.	26.6	36 min.
Vanderbilt Medical Center	13.4	18 min.	26.8	36 min.
University Medical Center (UMC)	21.5	24 min.	43.0	48 min.
<b>Averages</b>	<b>14.8 mi.</b>	<b>19.3 min.</b>	<b>29.6 mi.</b>	<b>38.7 min.</b>

*Source: Google Maps, January 2014. All facilities are in Davidson County, except UMC, which is in Lebanon, Wilson County.*

No Reasonable Alternatives at Other Hospitals in the Primary Service Area

While there are some underutilized hospital beds reported in Davidson County and Wilson County, the applicant does not regard them as viable options for residents of high-growth suburbs. Several factors should be considered.

First, Summit is in Hermitage, in far eastern Davidson County. It is an *average* of almost 30 miles and 39 minutes' *round trip* drive to and from alternative hospitals in its primary service area. That is too long a travel time for many suburban families who need to travel to and from hospitalized family members every day. Summit Medical Center was originally approved so that Hermitage area residents would not be forced into such long travel times to older hospitals. The same is true of all the suburban hospitals ringing the Nashville metropolitan area. As Nashville's population grows and its traffic increases, the need to widely distribute beds to suburban growth areas of the city also increases. The CON Board has historically recognized this need, by repeatedly approving expansions of services and beds at suburban hospitals.

Second, Summit estimates that approximately 80% of its admitting physicians now practice primarily or almost exclusively at Summit. Most cannot practice productively at multiple hospitals that are a long drive from Summit. It is problematic to ask unwilling patients to change physicians or service sites, simply to be able to fill up distant hospital beds. So there is a need to maintain reasonable bed availability in Hermitage, for those patients whose physicians can care for them only at Summit. While many patients can wait for an admission, many others cannot--for example, many medical patients and those with emergency surgeries. Suburban bed need should be locally met.

Page Three  
February 21, 2014

**7. Section B, Project Description, Item IV.**

**The floor plan for the proposed project is noted. However, please include the floor plan for the 7<sup>th</sup> floor which will indicate the relation of the proposed project to nursing stations, ancillary services, etc. When providing the floor plan, please outline the location of the proposed project.**

A floor plan of the entire floor is attached following this page.

**8. Need, Item 1. (Service Specific Criteria-Construction, Renovation, Expansion and replacement of Health Care Institutions)**

**Please address the criteria for Construction, Renovation, Expansion and replacement of Health Care Institutions.**

Responses are attached after this page, following Summit's seventh floor plan. The response page is numbered as page 23a-Supplemental.

**9. Need, Item 1. (Service Specific Criteria-Acute Care Bed Services, #1)**

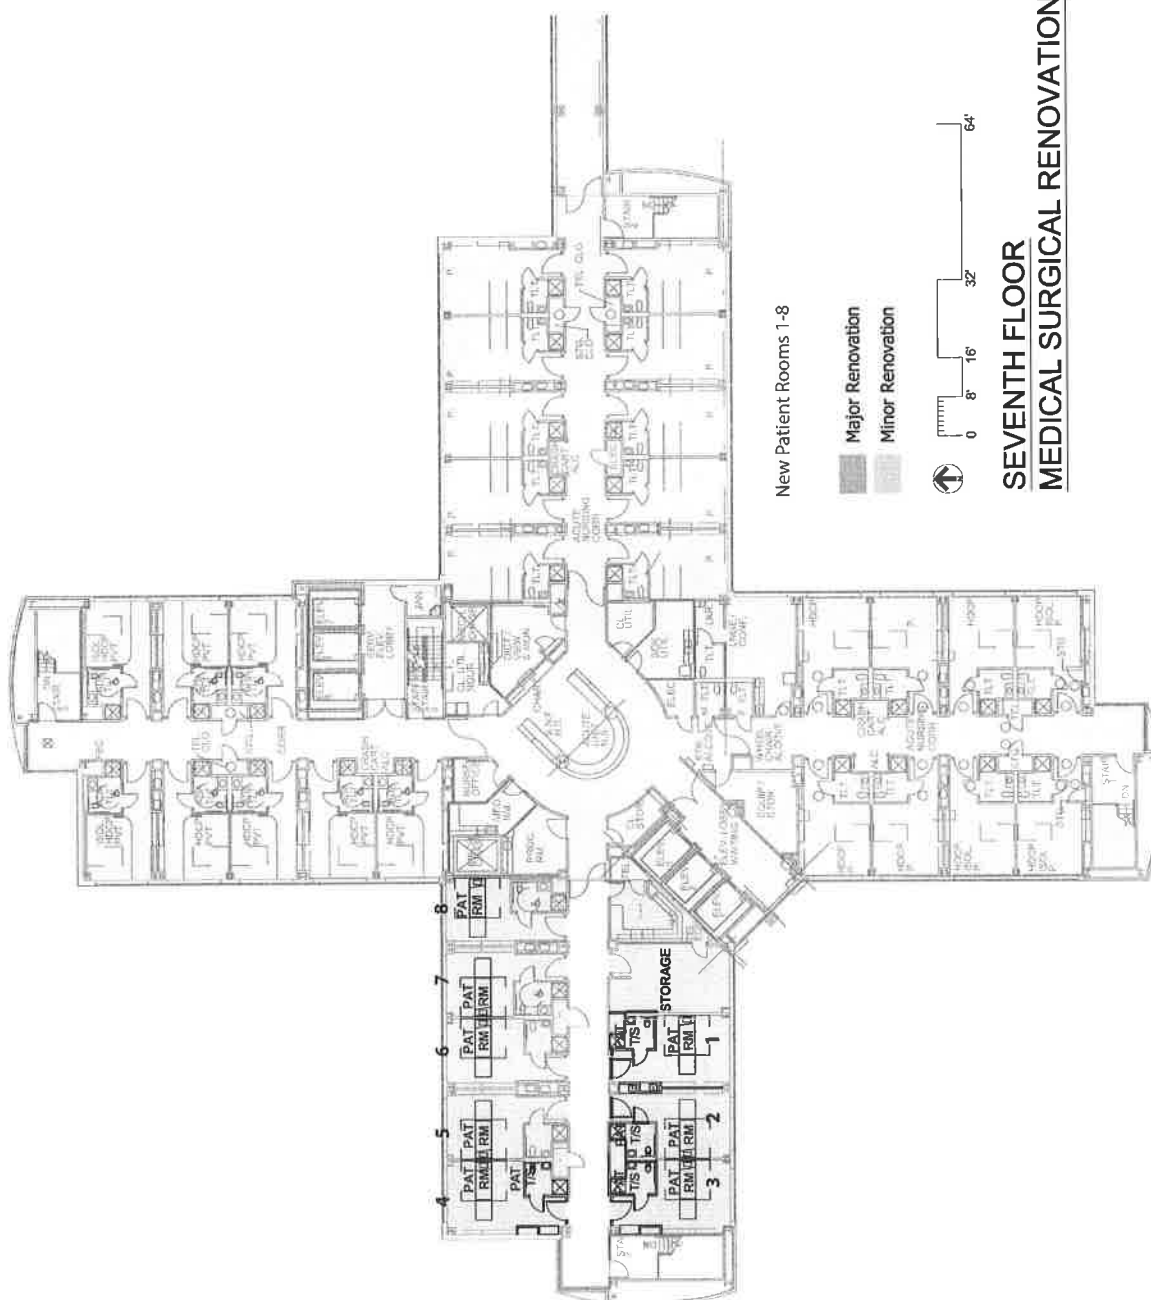

**a. Table six is noted on page 20. The table is labeled "minimal impact of two additional beds on services area hospital bed complements". Please clarify if the table should be for eight (8) beds instead.**

Yes; that was a typographical error. Attached after this page, following the supplemental criteria referenced in question 8 above, is a revised page 20R.

**b. Please indicate the 2012 licensed occupancy of inpatient medical surgical beds for each of the HCA hospitals in the applicant's service area.**

Please see the attached utilization and occupancy table after this page, following page 20R.

# SUPPLEMENTAL

**CN1402-004**  
**Summit Medical Center--Addition of Eight Medical-Surgical Beds**  
**Response to Supplemental Question #8**

**Project-Specific Review Criteria: Construction, Renovation, Expansion, and Replacement of Health Care Institutions**

**1. Any project that includes the addition of beds, services, or medical equipment will be reviewed under the standards for those specific activities.**

The applicant has addressed the specific Guidelines for Growth review criteria for the addition of licensed hospital beds, immediately preceding this response.

**2. For relocation or replacement of an existing licensed healthcare institution:**

**a. The applicant should provide plans which include costs for both renovation and relocation, demonstrating the strengths and weaknesses of each alternative.**

**b. The applicant should demonstrate that there is an acceptable existing or projected future demand for the proposed project.**

Criteria 3a and 3b are not applicable. This project will not relocate or replace a licensed institution.

**3. For renovation or expansion of an existing licensed healthcare institution:**

**a. The applicant should demonstrate that there is an acceptable existing demand for the proposed project.**

In Section B.II.C above (Project Need) and in Table 10, page 32, the applicant presents data demonstrating that the proposed expanded medical-surgical bed complement will be utilized at and above 80% average occupancy during its first two years of operation, CY2015 and CY2016.

**b. the applicant should demonstrate that the existing physical plant's condition warrants major renovation or expansion.**

This criterion is not applicable because the expansion has nothing to do with the physical plant's condition.

**C(I) NEED****C(I).1. DESCRIBE THE RELATIONSHIP OF THIS PROPOSAL TO THE IMPLEMENTATION OF THE STATE HEALTH PLAN AND TENNESSEE'S HEALTH: GUIDELINES FOR GROWTH.**

**A. PLEASE PROVIDE A RESPONSE TO EACH CRITERION AND STANDARD IN CON CATEGORIES THAT ARE APPLICABLE TO THE PROPOSED PROJECT. DO NOT PROVIDE RESPONSES TO GENERAL CRITERIA AND STANDARDS (PAGES 6-9) HERE.**

**B. APPLICATIONS THAT INCLUDE A CHANGE OF SITE FOR A HEALTH CARE INSTITUTION, PROVIDE A RESPONSE TO GENERAL CRITERION AND STANDARDS (4)(a-c).**

**Project-Specific Review Criteria--Acute Care Bed Services**

From an areawide planning standpoint, this project adds a negligible number of acute care beds. It increases service area's acute care beds by only 8 beds--an insignificant change of one-fifth of one percent of the service area's total 3,999 licensed hospital beds (all licensed acute care beds), and three-fourths of 1% of the bed surplus projected by the Department of Health for CY 2018.

**1. The following methodology should be used and the need for hospital beds should be projected four years into the future from the current year...(guidelines detail the steps of the bed need projection methodology; see pp. 15-16 of Guidelines for Growth.)**

The Tennessee Department of Health's most recently issued bed need projection (for 2014-2018) is provided following this response. It indicates a surplus of 1,053 acute care hospital beds of all types in the project's service area, Davidson and Wilson Counties. This project would increase the surplus by approximately three-fourths of one percent.

<b>Table Six: Minimal Impact of Eight Additional Beds On Service Area Hospital Bed Complements</b>					
	<b>Licensed Beds</b>	<b>Bed Surplus 2018</b>	<b>Proposed New Beds</b>	<b>% of Licensed Beds</b>	<b>% of Bed Surplus</b>
Davidson Co.	3,754	940	+8	less than ¼ of 1%	less than 1%
Wilson Co.	245	113	0	0	0

Page Four  
February 21, 2014

**c. On page 20 of the application, it is noted there is a surplus of 1,053 acute care hospital beds in the proposed service area. With this in mind, has the applicant considered de-licensing eight (8) inpatient med surgical beds at another HCA owned hospital in the service area so that eight (8) additional medical surgical beds are not added to a service area that already has a surplus of medical surgical beds? Please discuss.**

De-licensing beds at another HCA facility is not a viable option. As shown in the previous chart, the average occupancy for all HCA facilities in Davidson County is 74.6%, with only one hospital (Southern Hills) being below 70% occupancy. De-licensing 8 beds from another HCA hospital does not allow for efficient occupancy of patients in their service area. Although the average occupancy is below 80%, it does not take into account peak occupancy times throughout the year.

**10. Section C, Need, Item 4.A.**

**Table eight on page 28 of the demographic characteristics of the Primary service area counties is noted. However, please revise table eight using Tennessee Department of Health 2013 population statistics from the following web-site:**

**[http://health.state.tn.us/statistics/pdffiles/CertNeed/Population\\_Projections\\_2010-20.pdf](http://health.state.tn.us/statistics/pdffiles/CertNeed/Population_Projections_2010-20.pdf)**

In reviewing this table the applicant noted that its Statewide population data was not for 2014 and 2018, as were all other entries in this table. Attached following this page are revised pages 27R-28R correcting those entries.

The applicant has used TDH's September 2013 population projection series, which incorporates the 2010 U.S. Census findings and replaces the 2008 series formerly used for State purposes.

**11. Section C. Economic Feasibility Item 1 (Project Cost Chart) and Item 3**

**The Architect's letter in the attachments is noted. However, please clarify the reason 4,406 SF of construction area at a cost of \$1,161,133 is listed rather than 7,406 square feet.**

Attached following this page is a revised letter that includes the MOB space.

**C(I).4.A DESCRIBE THE DEMOGRAPHICS OF THE POPULATION TO BE SERVED BY THIS PROPOSAL.**

Please refer to Table Eight on the following page. The county-based primary service area is increasing in population. The State projects that the total population will increase by 4.5% between 2014 and 2018, compared to 3.7% for the State in that period. The elderly 65+ population will increase by 13.2%, compared to 16.1% for the State in that period. The primary service area's income, poverty and TennCare profiles differ somewhat from the State average, with Wilson County being significantly higher in household income, and significantly lower in poverty rate, and TennCare enrollment percentages, than Davidson County.

<b>Table Eight (Revised): Demographic Characteristics of Primary Service Area Counties Summit Medical Center 2014-2018</b>				
<b>Demographic</b>	<b>Davidson County</b>	<b>Wilson County</b>	<b>PRIMARY SERVICE AREA</b>	<b>STATE OF TENNESSEE</b>
<b>Median Age-2010 US Census</b>	33.9	39.3	36.6	38.0
<b>Total Population-2014</b>	656,385	124,073	780,458	6,588,698
<b>Total Population-2018</b>	682,330	133,357	815,687	6,833,509
<b>Total Population-% Change 2014 to 2018</b>	4.0%	7.5%	4.5%	3.7%

SUPPLEMENTAL

20140219

February 20, 2014

Mr. Jeff Whitehorn, CHE  
Chief Executive Officer  
Summit Medical Center  
5655 Frist Boulevard  
Hermitage, TN 37076

**Subject: Verification of Construction Cost Estimates**  
**7<sup>th</sup> Floor 8-Bed Med/Surg Unit**  
**Summit Medical Center**  
**Hermitage, Tennessee**  
GS&P Project No. 29963.00 / 0.1

Gresham, Smith and Partners, Inc., an architectural/engineering firm in Nashville, Tennessee, has reviewed the cost data provided by HCA for the above-referenced project, for which this firm has provided a preliminary design. The stated renovated construction cost for this 7,606 SF area is \$1,161,133. [In providing options of probable construction cost, the Client understands that the Consultant has no control over the cost or availability of labor, equipment or materials, or over market conditions or the Contractor's method of pricing, and that the Consultant's options of probable construction costs are made on the basis of the Consultant's professional judgment and experience. The Consultant makes no warrant, express or implied, that the bids or the negotiated cost of the Work will not vary from the Consultant's opinion of probable construction cost.]

It is our opinion that at this time, the projected renovated construction cost is reasonable for this type and size of project and compares appropriately with similar projects in this market.

The building codes applicable to this project will be:

International Building Code, 2006  
NFPA 101 Life Safety Code, 2006  
FGI Guidelines for Design & Construction of Healthcare Facilities, 2010  
ANSI-117.1, 2003

Sincerely,

Kenneth A. Priest, AIA, NCARB, LEED AP

1400 Nashville City Center / 511 Union Street / Nashville, Tennessee 37219-1733 / Phone 615.770.8100 / [www.greshamsmith.com](http://www.greshamsmith.com)

Page Five  
February 21, 2014

**12. Section C, Economic Feasibility, Item 5**

**Table Eleven consisting of Charges, Deductions, Net Charges and Net operating Income is noted. However, there appears to be a calculation error in the average gross charge per day for CY2017. Please revise.**

In Year Two, two digits were transposed as a typographical error. Attached after this page is a revised page 44R changing \$13,429 to \$13,249.

**13. Section C, Economic Feasibility, Item 6.B**

**The applicant refers to table thirteen. Please provide the referenced table.**

Table Thirteen, Most Frequent Charges, is attached after this page, following revised page 44R. It is paginated as page 46a.

**14. Section C, Economic Feasibility, Item 10**

**The applicant's financial documents are noted. Please clarify if the documents are audited.**

The hospital's statements are not audited. HCA does not audit financial statements at the hospital level. HCA does audits on its consolidated financial statements.

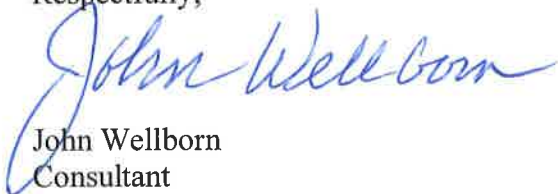

**15. Section C, Orderly Development, Item 7 (d)**

**The copy of the most recent licensure inspection dated March 6, 2007 is noted. Please clarify if there have been any licensure surveys or inspections since March 6, 2007 by the State of Tennessee. If so, please provide a copy.**

Attached is an occupancy approval notice from Metro Nashville & Davidson County after inspecting recently completed construction on the third and fourth floors. However, there has not been a TDOH facility-wide inspection since the 2007 report.

Thank you for your assistance. We hope this provides the information needed to accept the application into the next review cycle. If more is needed please FAX or telephone me so that we can respond in time to be deemed complete.

Respectfully,

John Wellborn  
Consultant

**C(II).5. PLEASE IDENTIFY THE PROJECT'S AVERAGE GROSS CHARGE, AVERAGE DEDUCTION FROM OPERATING REVENUE, AND AVERAGE NET CHARGE.**

<b>Table Eleven: Charges, Deductions, Net Charges, Net Operating Income</b>		
	<b>CY2016</b>	<b>CY2017</b>
Admissions	140	190
Patient Days	476	646
Average Gross Charge Per Day	\$12,824	\$13,249
Average Gross Charge Per Admission	\$43,600	\$45,047
Average Deduction from Operating Revenue Per Day	\$10,347	\$10,709
Average Deduction from Operating Revenue Per Admiss.	\$35,179	\$36,411
Average Net Charge (Net Operating Revenue) Per Day	\$2,477	\$2,540
Average Net Charge (Net Operating Revenue) Per Admiss.	\$8,421	\$8,637
Average Net Operating Income after Expenses, Per Day	\$242	\$385
Average Net Operating Income after Expenses, Per Admiss.	\$823	\$1,309

*Source: Projected Data Chart, by hospital management.*

**C(II).6.A. PLEASE PROVIDE THE CURRENT AND PROPOSED CHARGE SCHEDULES FOR THE PROPOSAL. DISCUSS ANY ADJUSTMENT TO CURRENT CHARGES THAT WILL RESULT FROM THE IMPLEMENTATION OF THE PROPOSAL. ADDITIONALLY, DESCRIBE THE ANTICIPATED REVENUE FROM THE PROPOSED PROJECT AND THE IMPACT ON EXISTING PATIENT CHARGES.**

The project's most frequent charges for medical-surgical admissions are shown in response to C(II).6.B below. The addition of the proposed eight beds will not affect any hospital charges. Medical-surgical admissions tend to operate with a positive revenue margin, making it unnecessary to shift costs to other hospital services. This eight-bed addition is projected to have a positive revenue margin.

**Table Thirteen: Summit Medical Center**  
**Most Frequent Admissions Diagnoses and Average Gross Charges**

5655 Frist Blvd, HERMITAGE, TN 37076  
Map/Parcel No: 08600006400  
Building Permit: 201225953  
Issued: September 18, 2013

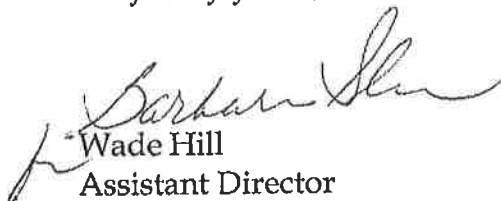

Gentlemen:

The Department of Codes and Building Safety and other required Metropolitan Departments have inspected the recent rehab in Third Floor patient rooms and nurse station at "Summit Medical Center" at the above location.

Through routine inspections and visual observations it has been determined that the work performed substantially complies with the applicable codes and ordinances of the Metropolitan Government of Nashville and Davidson County. Therefore, we hereby approve it for **Final Use and Occupancy**. However, granting of the **Final Use and Occupancy** in no way relieves the **contractors of their** responsibility for any work performed not in accordance with applicable codes and ordinances.

Thank you for your cooperation.

Very truly yours,

  
Wade Hill  
Assistant Director

Tennessee Health Services and Development Agency  
Andrew Jackson Building, 9<sup>th</sup> Floor  
502 Deaderick Street  
Nashville, TN 37243

RE: CON Application CN1402-004  
TriStar Summit Medical Center

Dear Mr. Earhart:

This letter responds to your second request for additional information on this application. The items below are numbered to correspond to your questions. They are provided in triplicate, with affidavit.

**1. Section B, Project Description, Item III.B.1**

**The revised round trip mileage and drive times in table five is noted. However, there appears to be an error in the table for the mileage roundtrip calculation for Skyline Medical Center, Nashville. Please verify all calculations, and resubmit if necessary. Also, please update page 16R of the referenced roundtrip average.**

All entries in Table Five and the statements on page 16R are correct, except for that single Table Five entry for Skyline's round trip mileage. It was mistyped when transferring the statistics from the Excel spreadsheet where the averages were calculated.

Attached after this page is revised page 18R-Second Supplemental, with that incorrect entry of 17.5 miles corrected to 33.6 miles. The Table Five average mileages, and the narrative on page 16R, were submitted correctly in the first supplemental response and do not need correction.

**B.III.B.1. DESCRIBE THE RELATIONSHIP OF THE SITE TO PUBLIC TRANSPORTATION ROUTES, IF ANY, AND TO ANY HIGHWAY OR MAJOR ROAD DEVELOPMENTS IN THE AREA. DESCRIBE THE ACCESSIBILITY OF THE PROPOSED SITE TO PATIENTS/CLIENTS.**

Summit Medical Center is located in Hermitage, on the far eastern edge of Davidson County near the Wilson County line. The hospital is on the west side of Old Hickory Boulevard / Highway 45, approximately one mile north of Exit 221 from I-40, and is visible from that exit. Summit serves patients primarily from eastern Davidson County and western Wilson County. Interstate I-40 and U.S. Highway 70, which run east and west between Nashville and Lebanon, are the service area's principal east-west roadways; Old Hickory Boulevard is one of the service area's major roadways running north-south beside the Summit campus.

Summit is very accessible to western Wilson County, as well as to eastern Davidson County between Old Hickory Lake (the Cumberland River) and the areas west, north, and east of Percy Priest Lake. The rapidly growing Mt. Juliet community is the fastest growing sector of western Wilson County; and Mt. Juliet is much closer to Summit Medical Center (6.9 miles; 15 minutes) than it is to University Medical Hospital in Lebanon (13.2 miles; 19 minutes).

<b>Table Five: Round-Trip Mileage and Drive Times Between Hermitage and Other Medical-Surgical Beds In the Primary Service Area</b>				
<b>Location of Medical-Surgical Beds</b>	<b>Mileage 1-Way</b>	<b>Time 1-Way</b>	<b>Mileage Rd-Trip</b>	<b>Time Rd-Trip</b>
Centennial Medical Center	13.6	19 min.	27.2	38 min.
Metro NV General Hospital	13.8	19 min.	27.6	38 min.
Saint Thomas Midtown Hospital	13.1	17 min.	26.2	34 min.
Saint Thomas West Hospital	16.8	21 min.	33.6	42 min.
Skyline Medical Center, Nashville	16.8	20 min.	33.6	40 min.
Southern Hills Medical Center	11.1	18 min.	22.2	36 min.
The Center for Spinal Surgery	13.3	18 min.	26.6	36 min.
Vanderbilt Medical Center	13.4	18 min.	26.8	36 min.
University Medical Center (UMC)	21.5	24 min.	43.0	48 min.
<b>Averages</b>	<b>14.8 mi.</b>	<b>19.3 min.</b>	<b>29.6 mi.</b>	<b>38.7 min.</b>

*Source: Google Maps, January 2014. All facilities are in Davidson County, except UMC, which is in Lebanon, Wilson County.*

Page Two  
February 26, 2014

**2. Need, Item 1. (Service Specific Criteria-Construction, Renovation, Expansion and replacement of Health Care Institutions) 3.a.**

The applicant references table 10 on page 32 and states the proposed expanded medical-surgical bed complement will be utilized at and above 80% average occupancy during the first two years of occupancy. However, 23-hour observation beds should not be included in the occupancy calculations. Since 23 hour observation beds are not counted as medical-surgical beds, please exclude those beds and revise the total occupancy percentages for years 2011-2014, and Project Year One and Project Year Two. In addition, please revise your narrative response and submit a revised page 23R.

Table Ten provided two occupancy statistics: (a) occupancy based on licensed bed days for patients admitted with a status of "inpatient", and (b) occupancy based on licensed bed days for both patients admitted with a status "inpatient" and the status of "23-hour observation." Summit's observation patients are cared for in licensed medical-surgical beds and Summit does not have a dedicated observation unit. The table appears to need no amendment.

The page 15 bed use line graph and bed need narratives around that graph in Section B. II.C reflect licensed beds' actual occupancies by both inpatients and observation patients, depicting the actual daily census. It is Summit's case for adding capacity, and appears not to need any amendment.

**3. Need, Item 1. (Service Specific Criteria-Acute Care Bed Services, #1)**

**a. The table of 2012 licensed occupancy of inpatient medical surgical beds for each of the HCA hospitals in the applicant's service area is noted. However, please clarify if the table includes 23 hour observation beds. If so, please provide a revised table minus 23 hour observation beds.**

That supplemental table does not include observation beds or observation days. It included only HCA's licensed, operational medical-surgical beds.

Page Three  
February 26, 2014

**b. The applicant states the de-licensing of eight (8) beds from another HCA hospital is not a viable option since the average occupancy of all HCA facilities in Davidson County is 74.5% and does not take into account peak times of the year. However, please explain the reason eight beds could not be de-licensed from Skyline Medical Center's Madison campus located in Davidson County. According to the 2012 Joint Annual Report, Skyline Madison is licensed for 172 beds, but only staffs 110 beds. The licensed occupancy in 2012 of Skyline Madison campus was 40.2%.**

Of the 172 currently licensed beds at Skyline Madison, 121 are used for psychiatric/chemical dependency services and 16 by Alive Hospice for hospice services to the community--all of which are being utilized. The remaining 35 licensed beds have not been in service for several years, and are being held for future use by Skyline. HCA has previously de-licensed beds in other projects, but is not proposing to do so in this project.

**c. Please also clarify if the 2013 average occupancy of 74.5% of all HCA facilities in Davidson County included the Skyline Madison campus.**

It did not include Skyline Madison because Skyline Madison is now dedicated only to behavioral patient care, e.g., psychiatric and chemical dependency beds. The data submitted concerned utilization of HCA's general acute care facilities/campuses like Summit. The beds are HCA's operational, licensed, medical/surgical bed complements.

**4. Section C. Economic Feasibility Item 1 (Project Cost Chart) and Item 3**

**The revised Architect's letter is noted. However, the referenced sq. ft. is 7,606, rather than 7,406 square feet as mentioned in the application. Please revise.**

The requested revised letter is attached after this page.

**5. Section C, Economic Feasibility, Item 4**

**The patient days in the Projected Data Chart of 476 in Year One and 646 in Year Two is noted. However, please clarify if the projected patient days include 23 hour observation beds. If so, please revise the projected data chart to not include 23 hour observation bed in the patient day calculation.**

No observation admissions or days were included in the Projected Data Chart.
